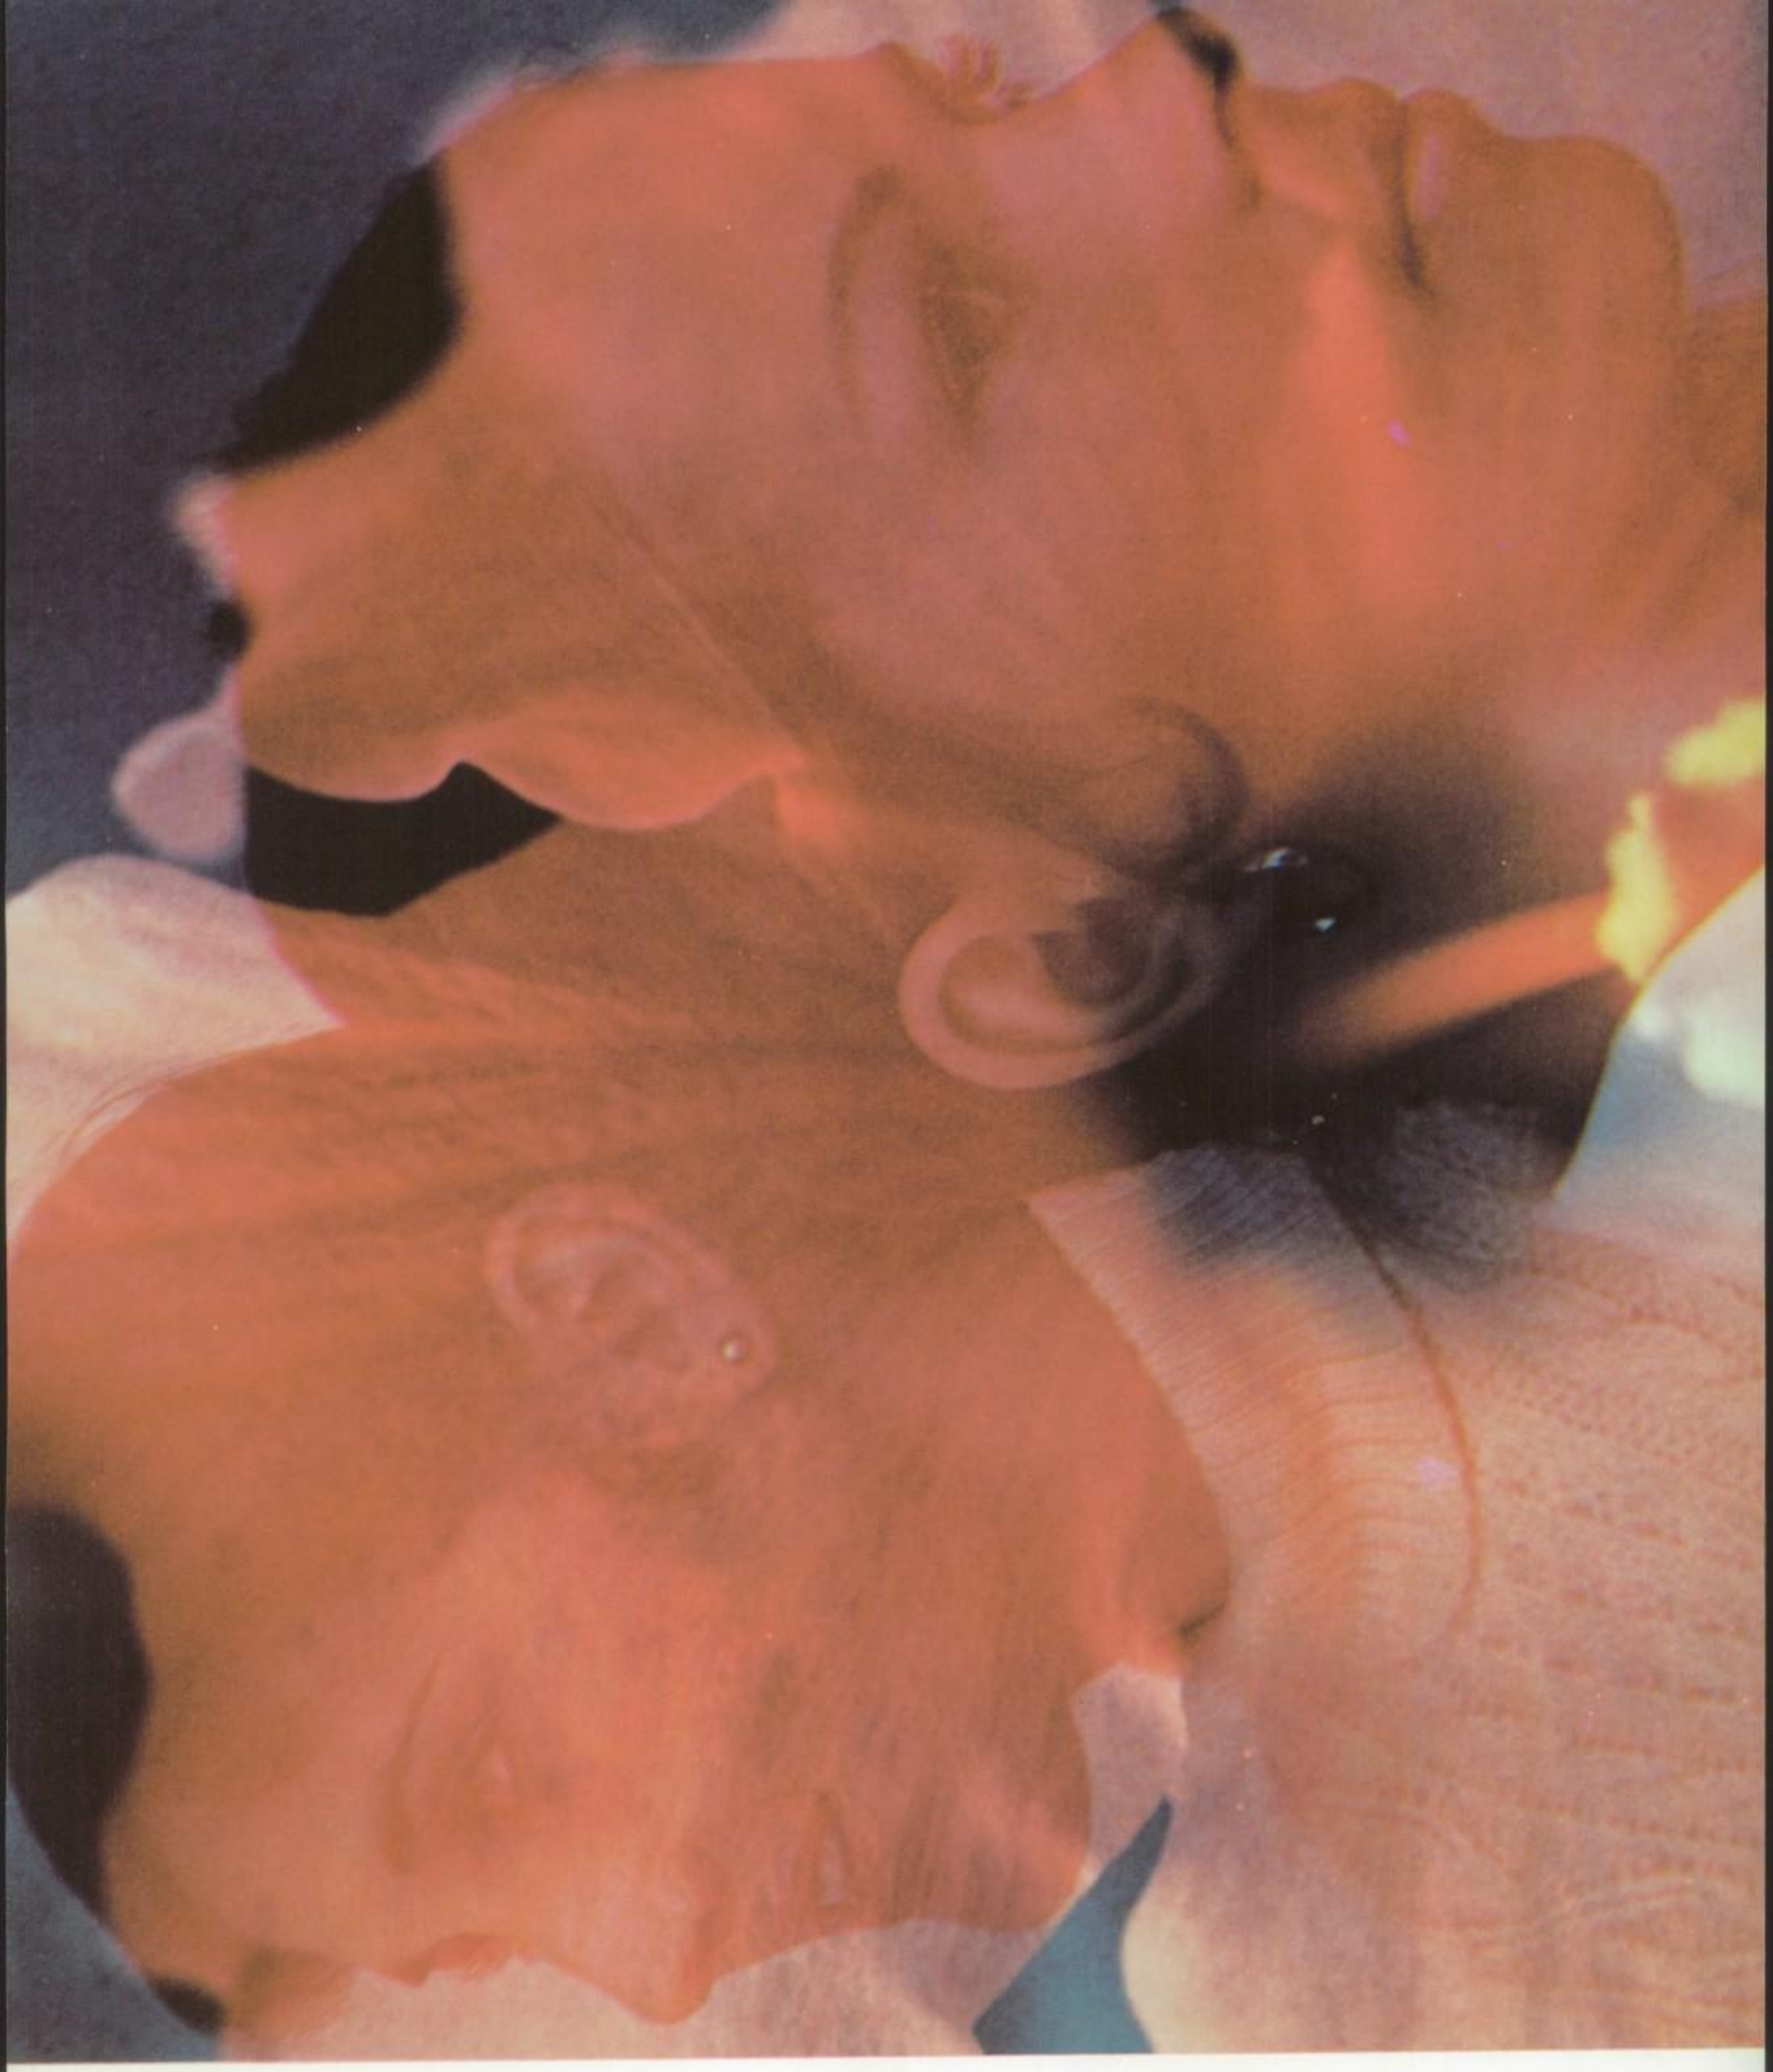
MANZANITA
1972

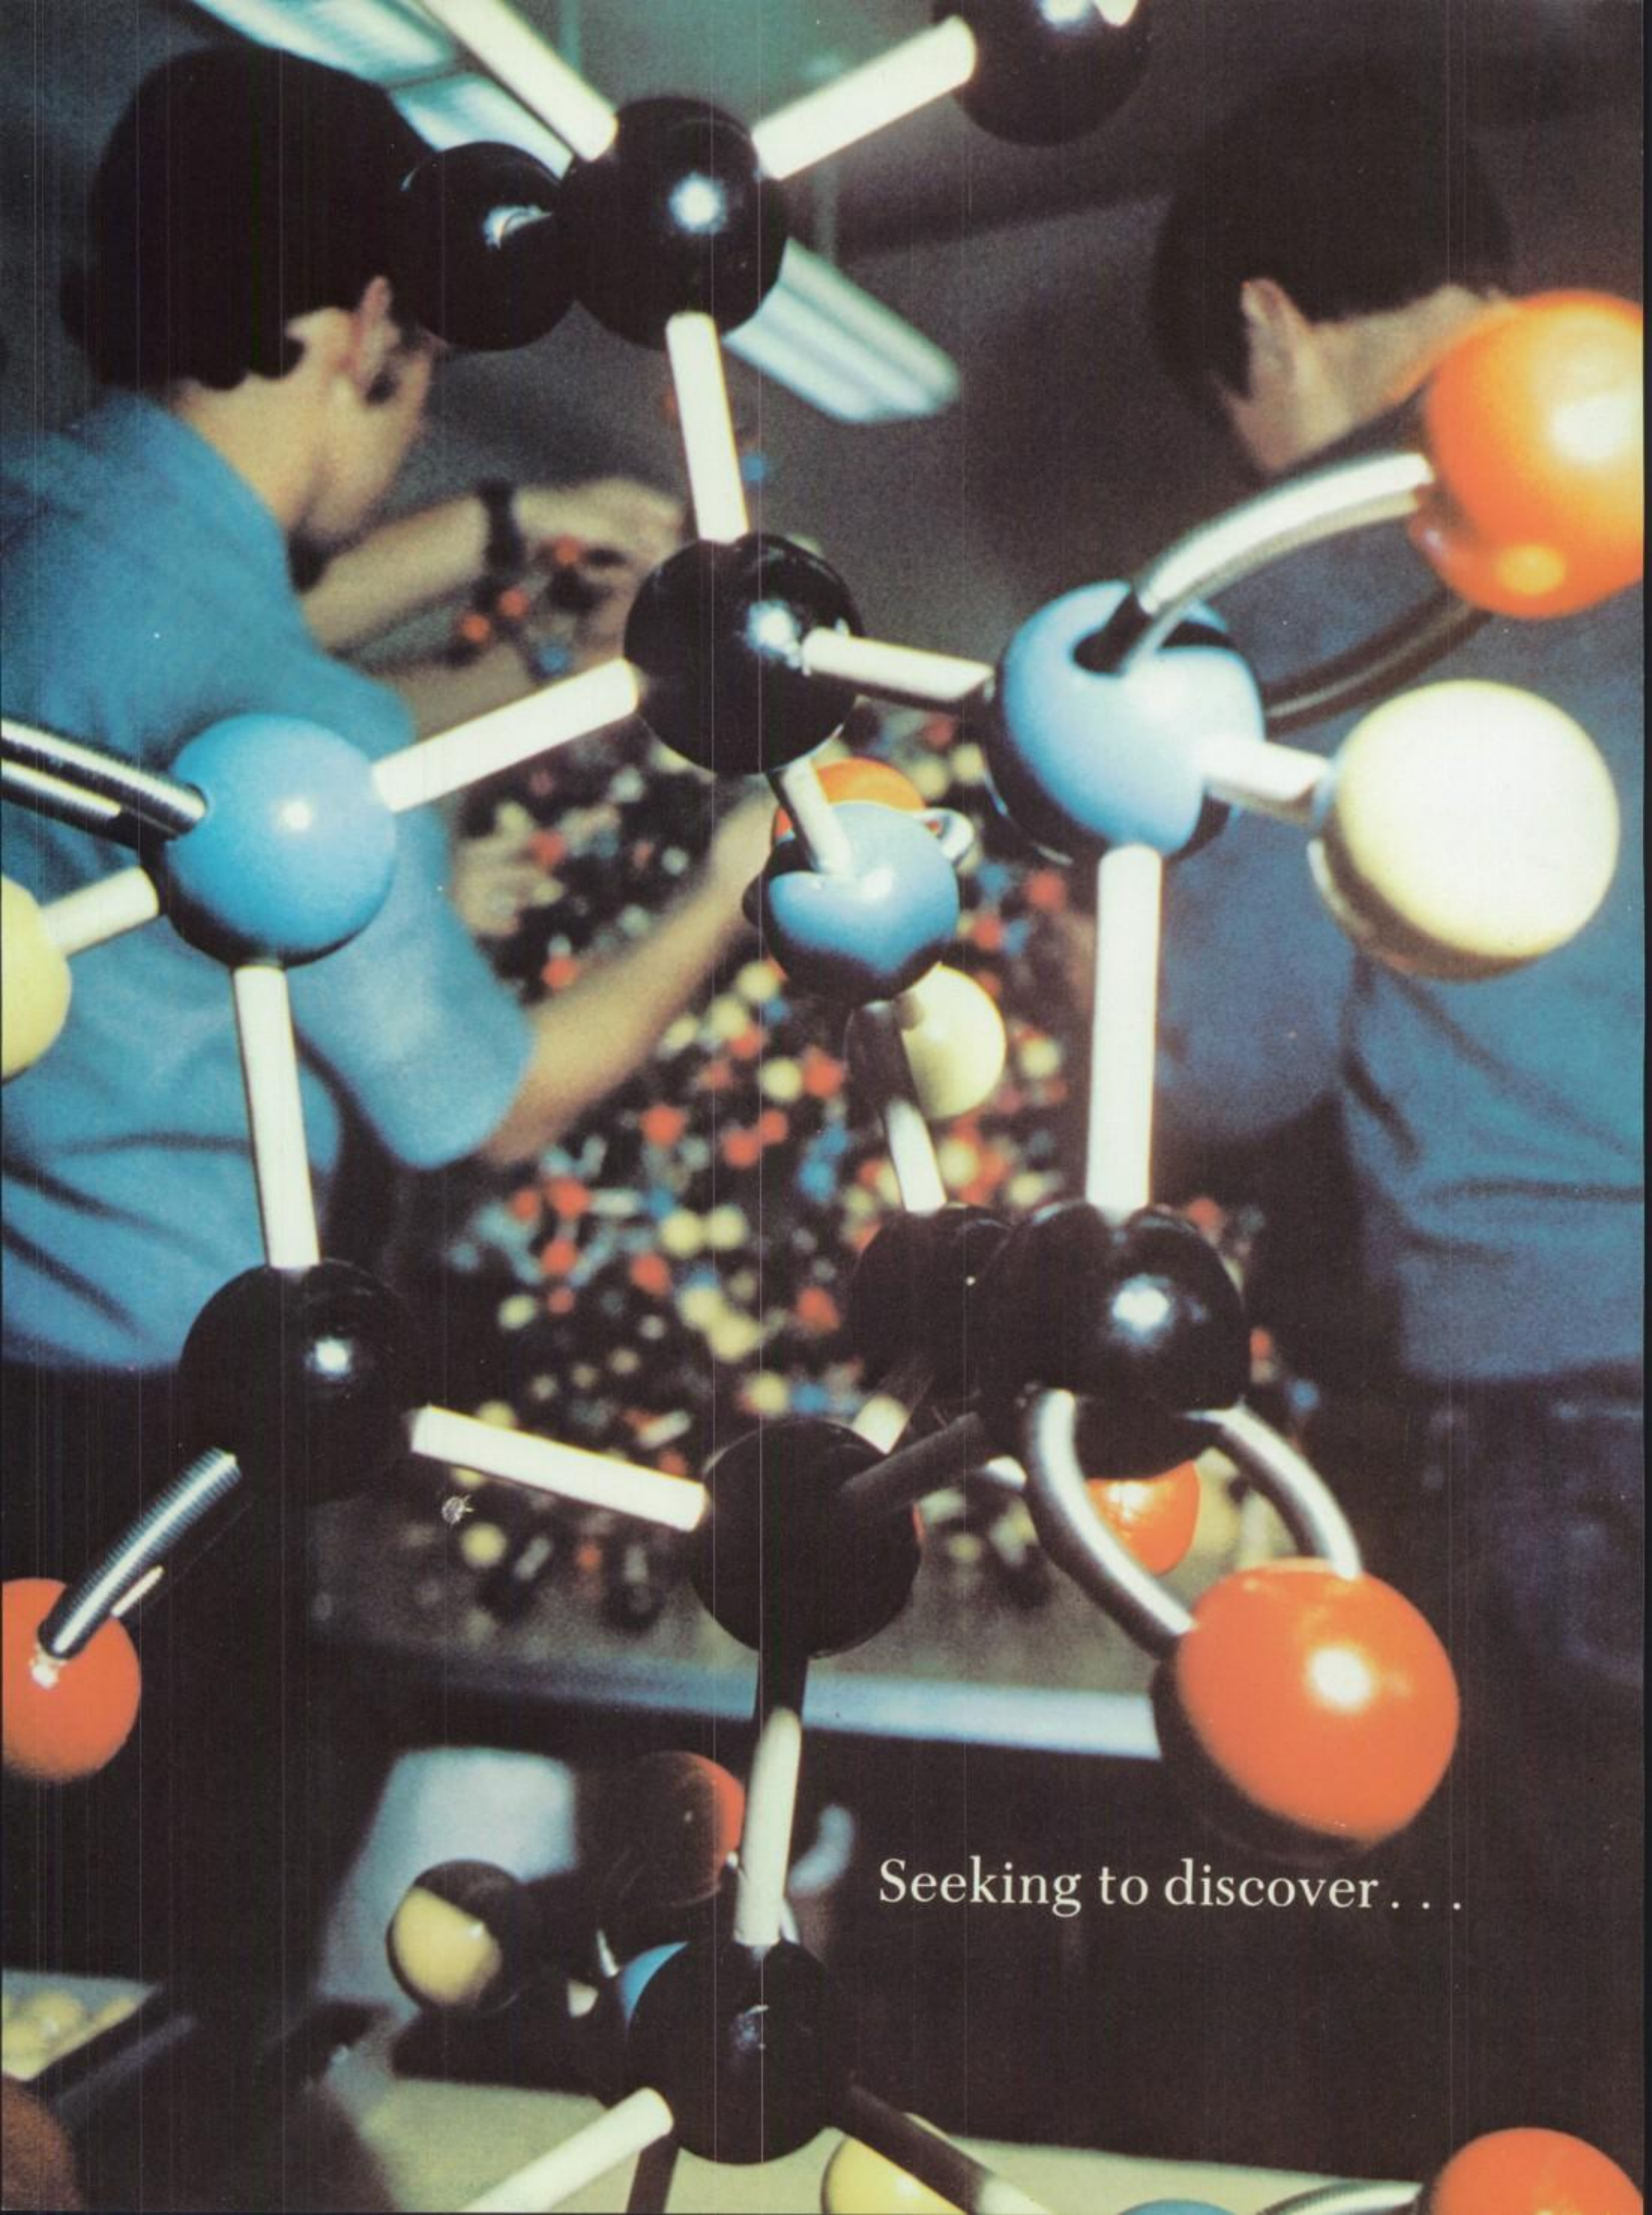
Search . . . a quest for answers.

A quest for oneself.

A quest for understanding.

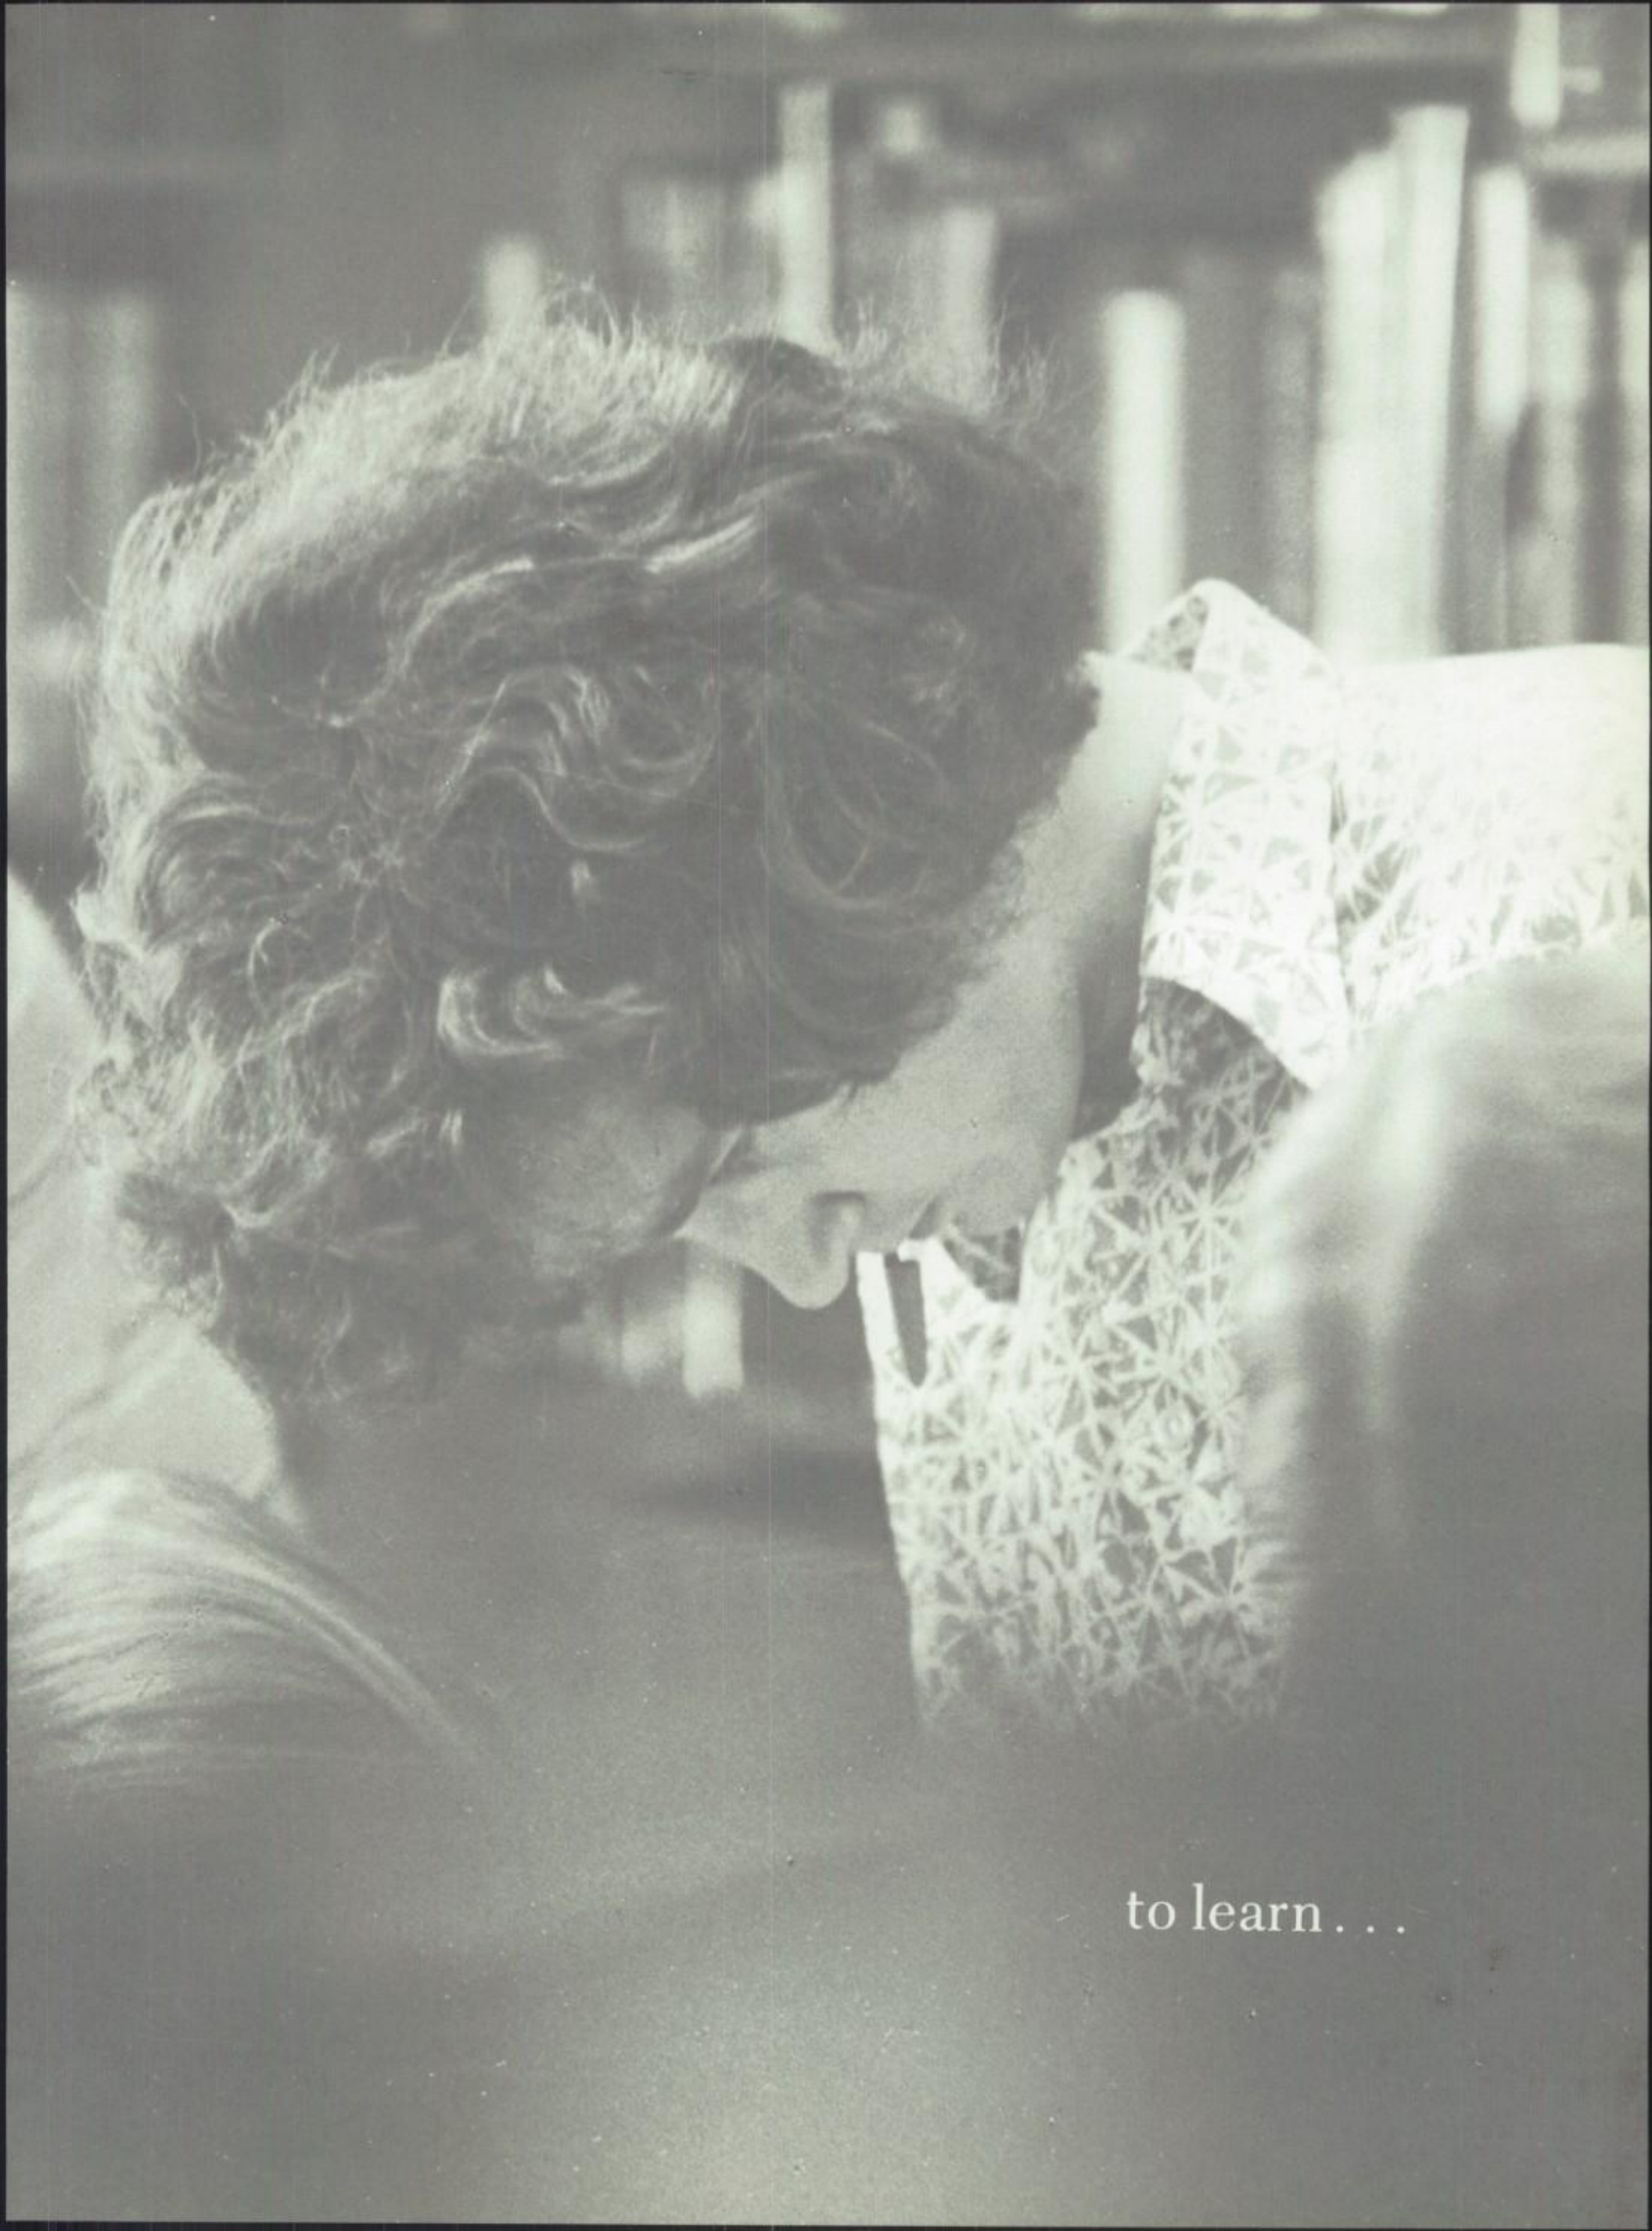


Each man is a seeker . . .

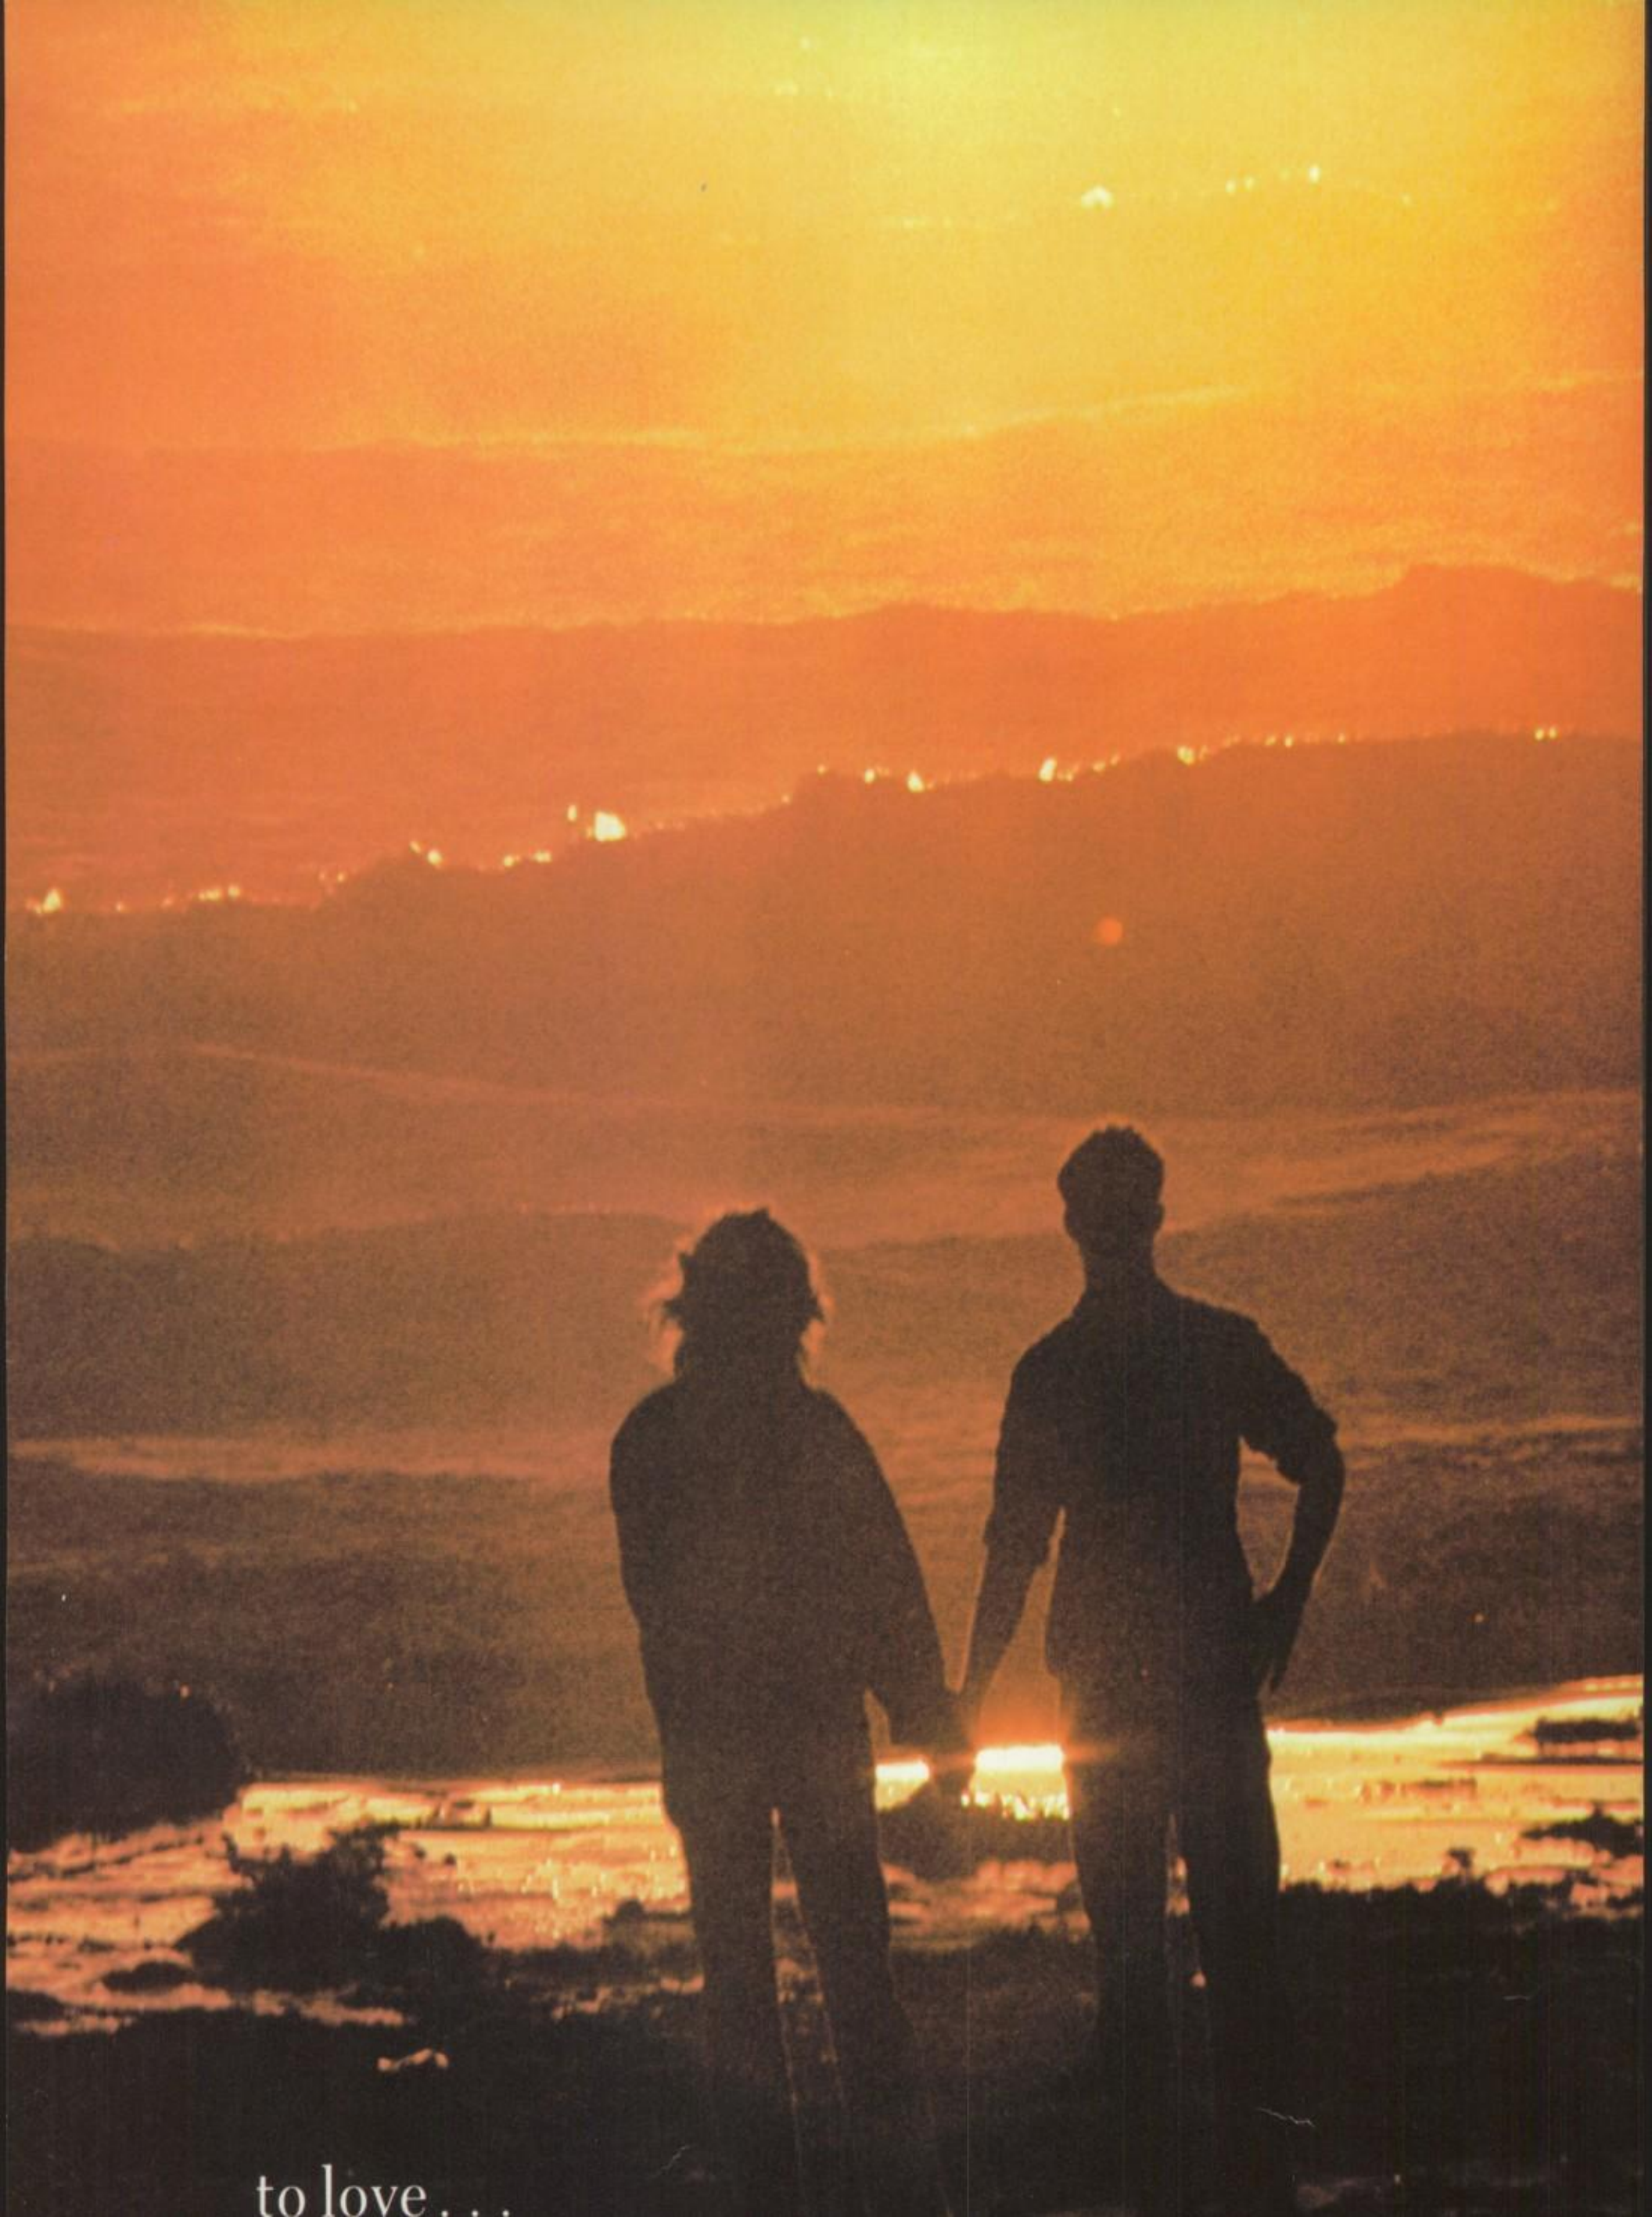


Seeking to discover . . .

to create . . .

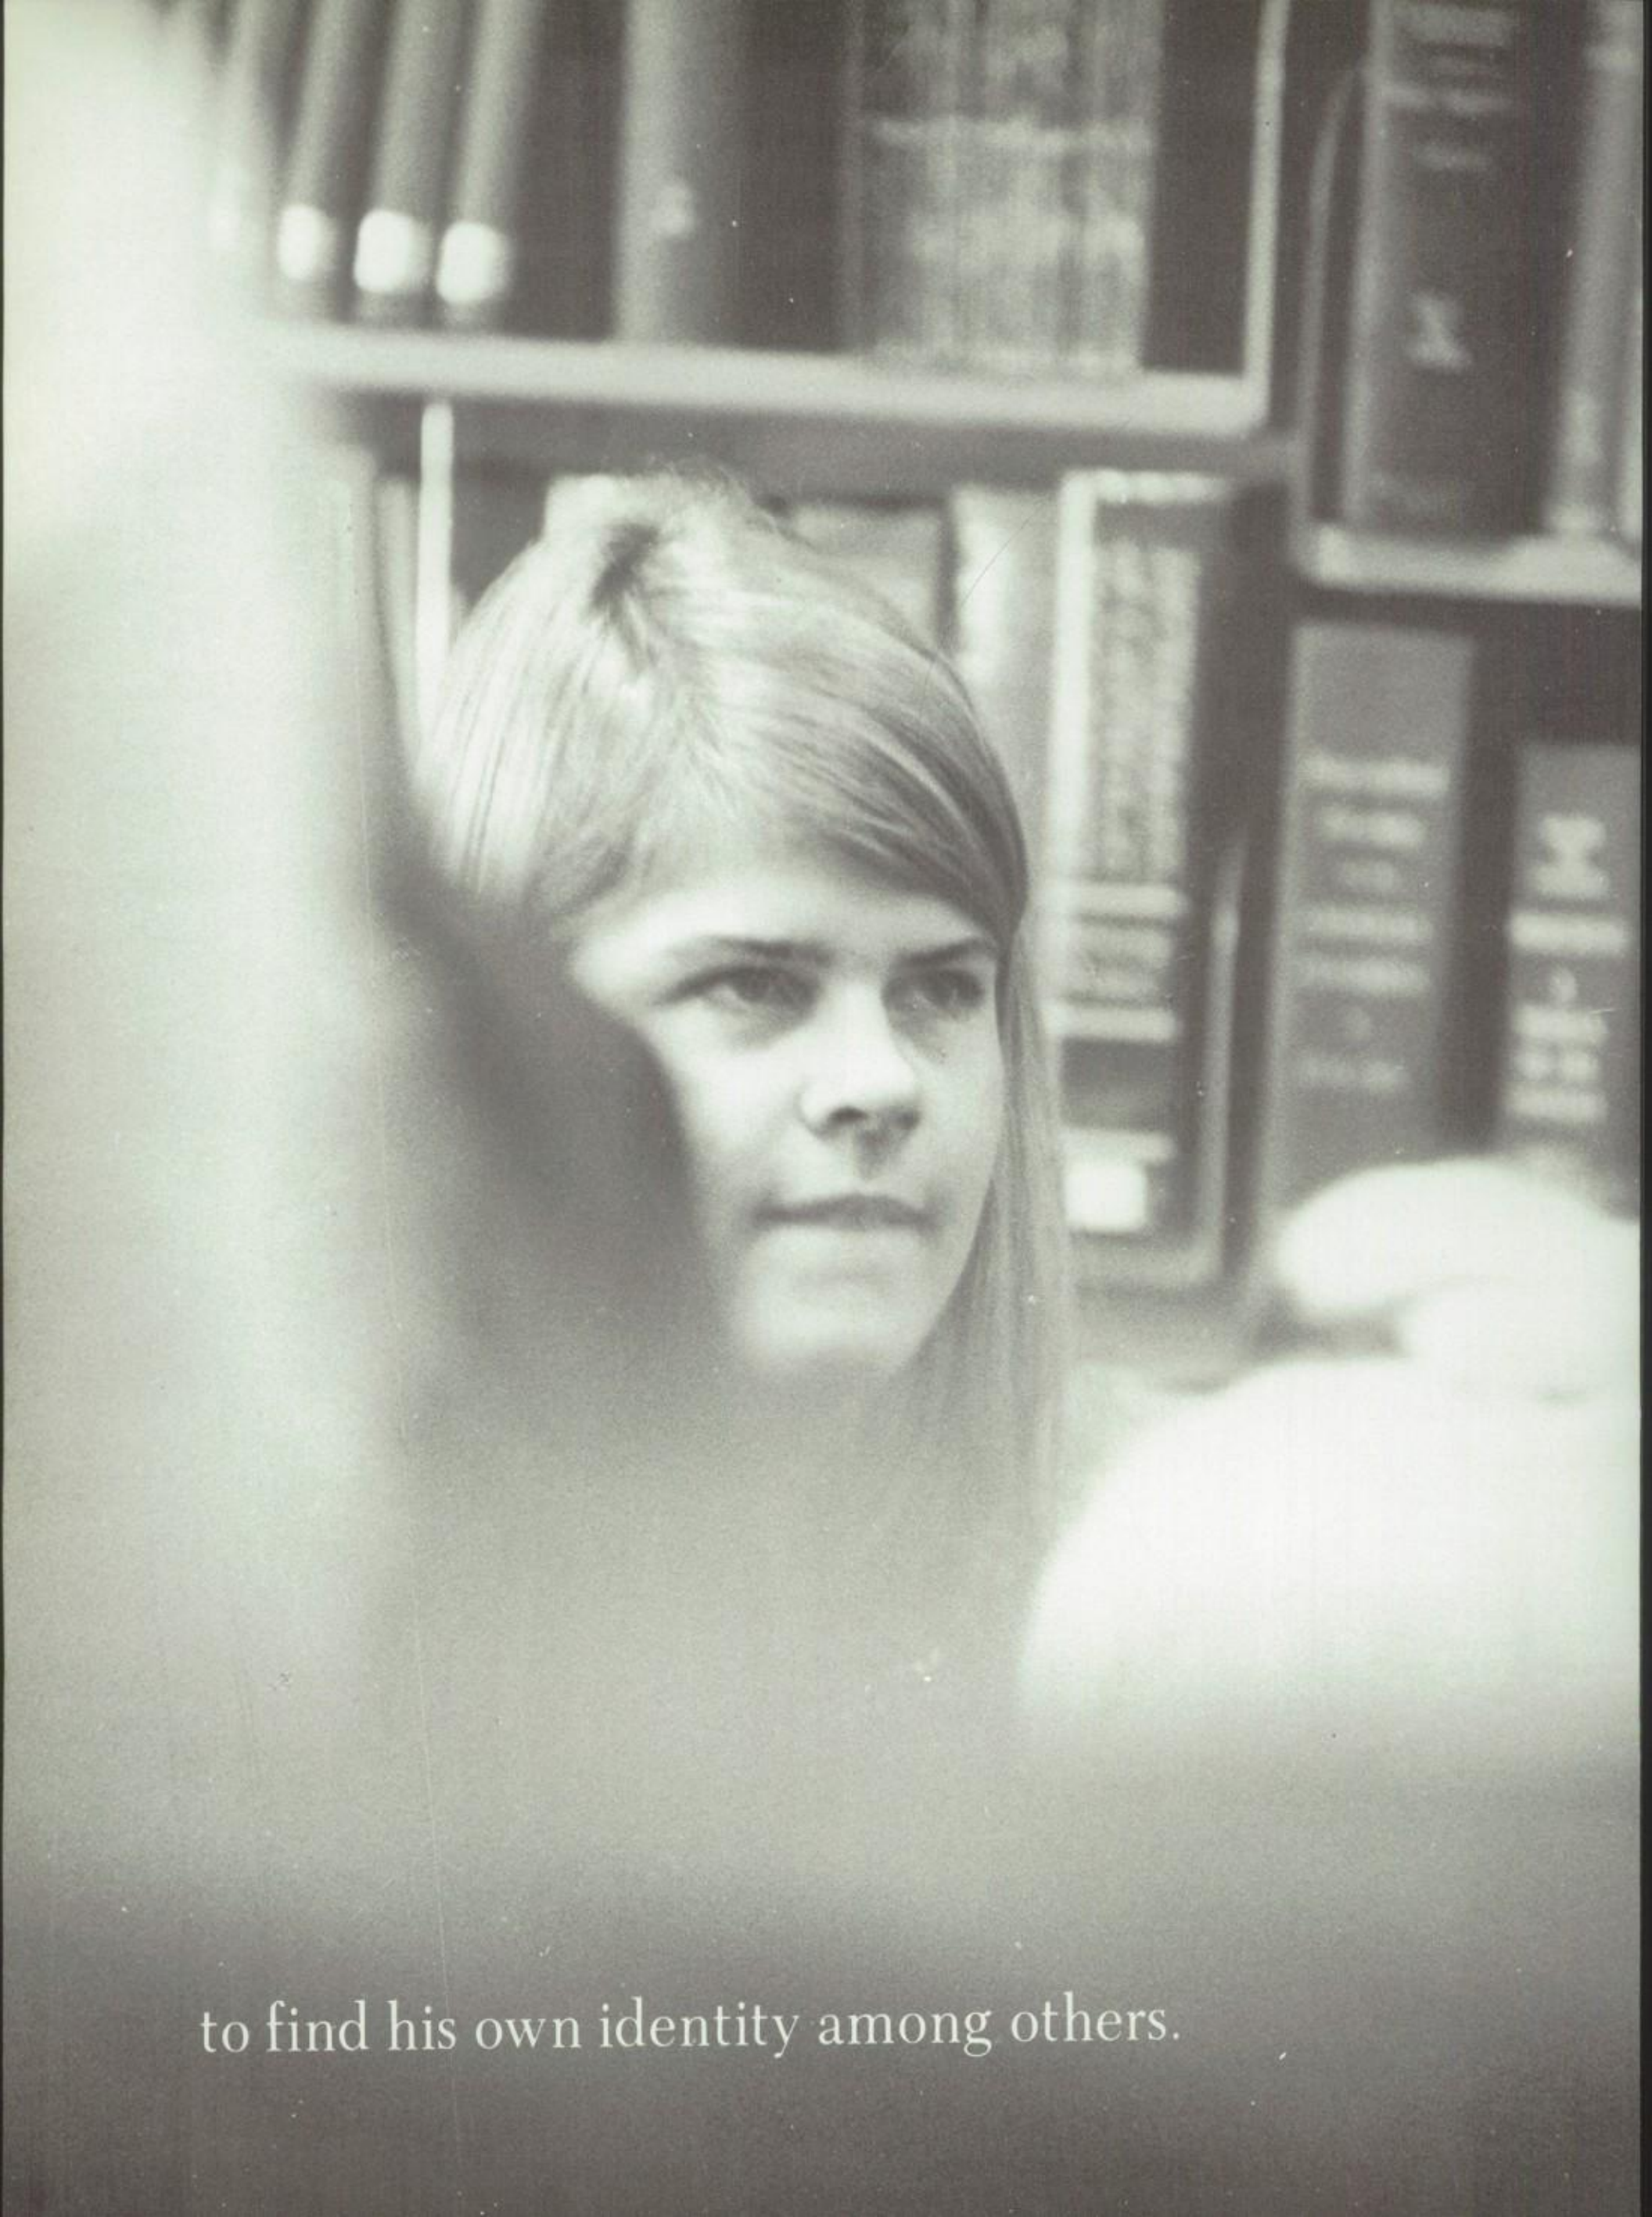


to learn . . .



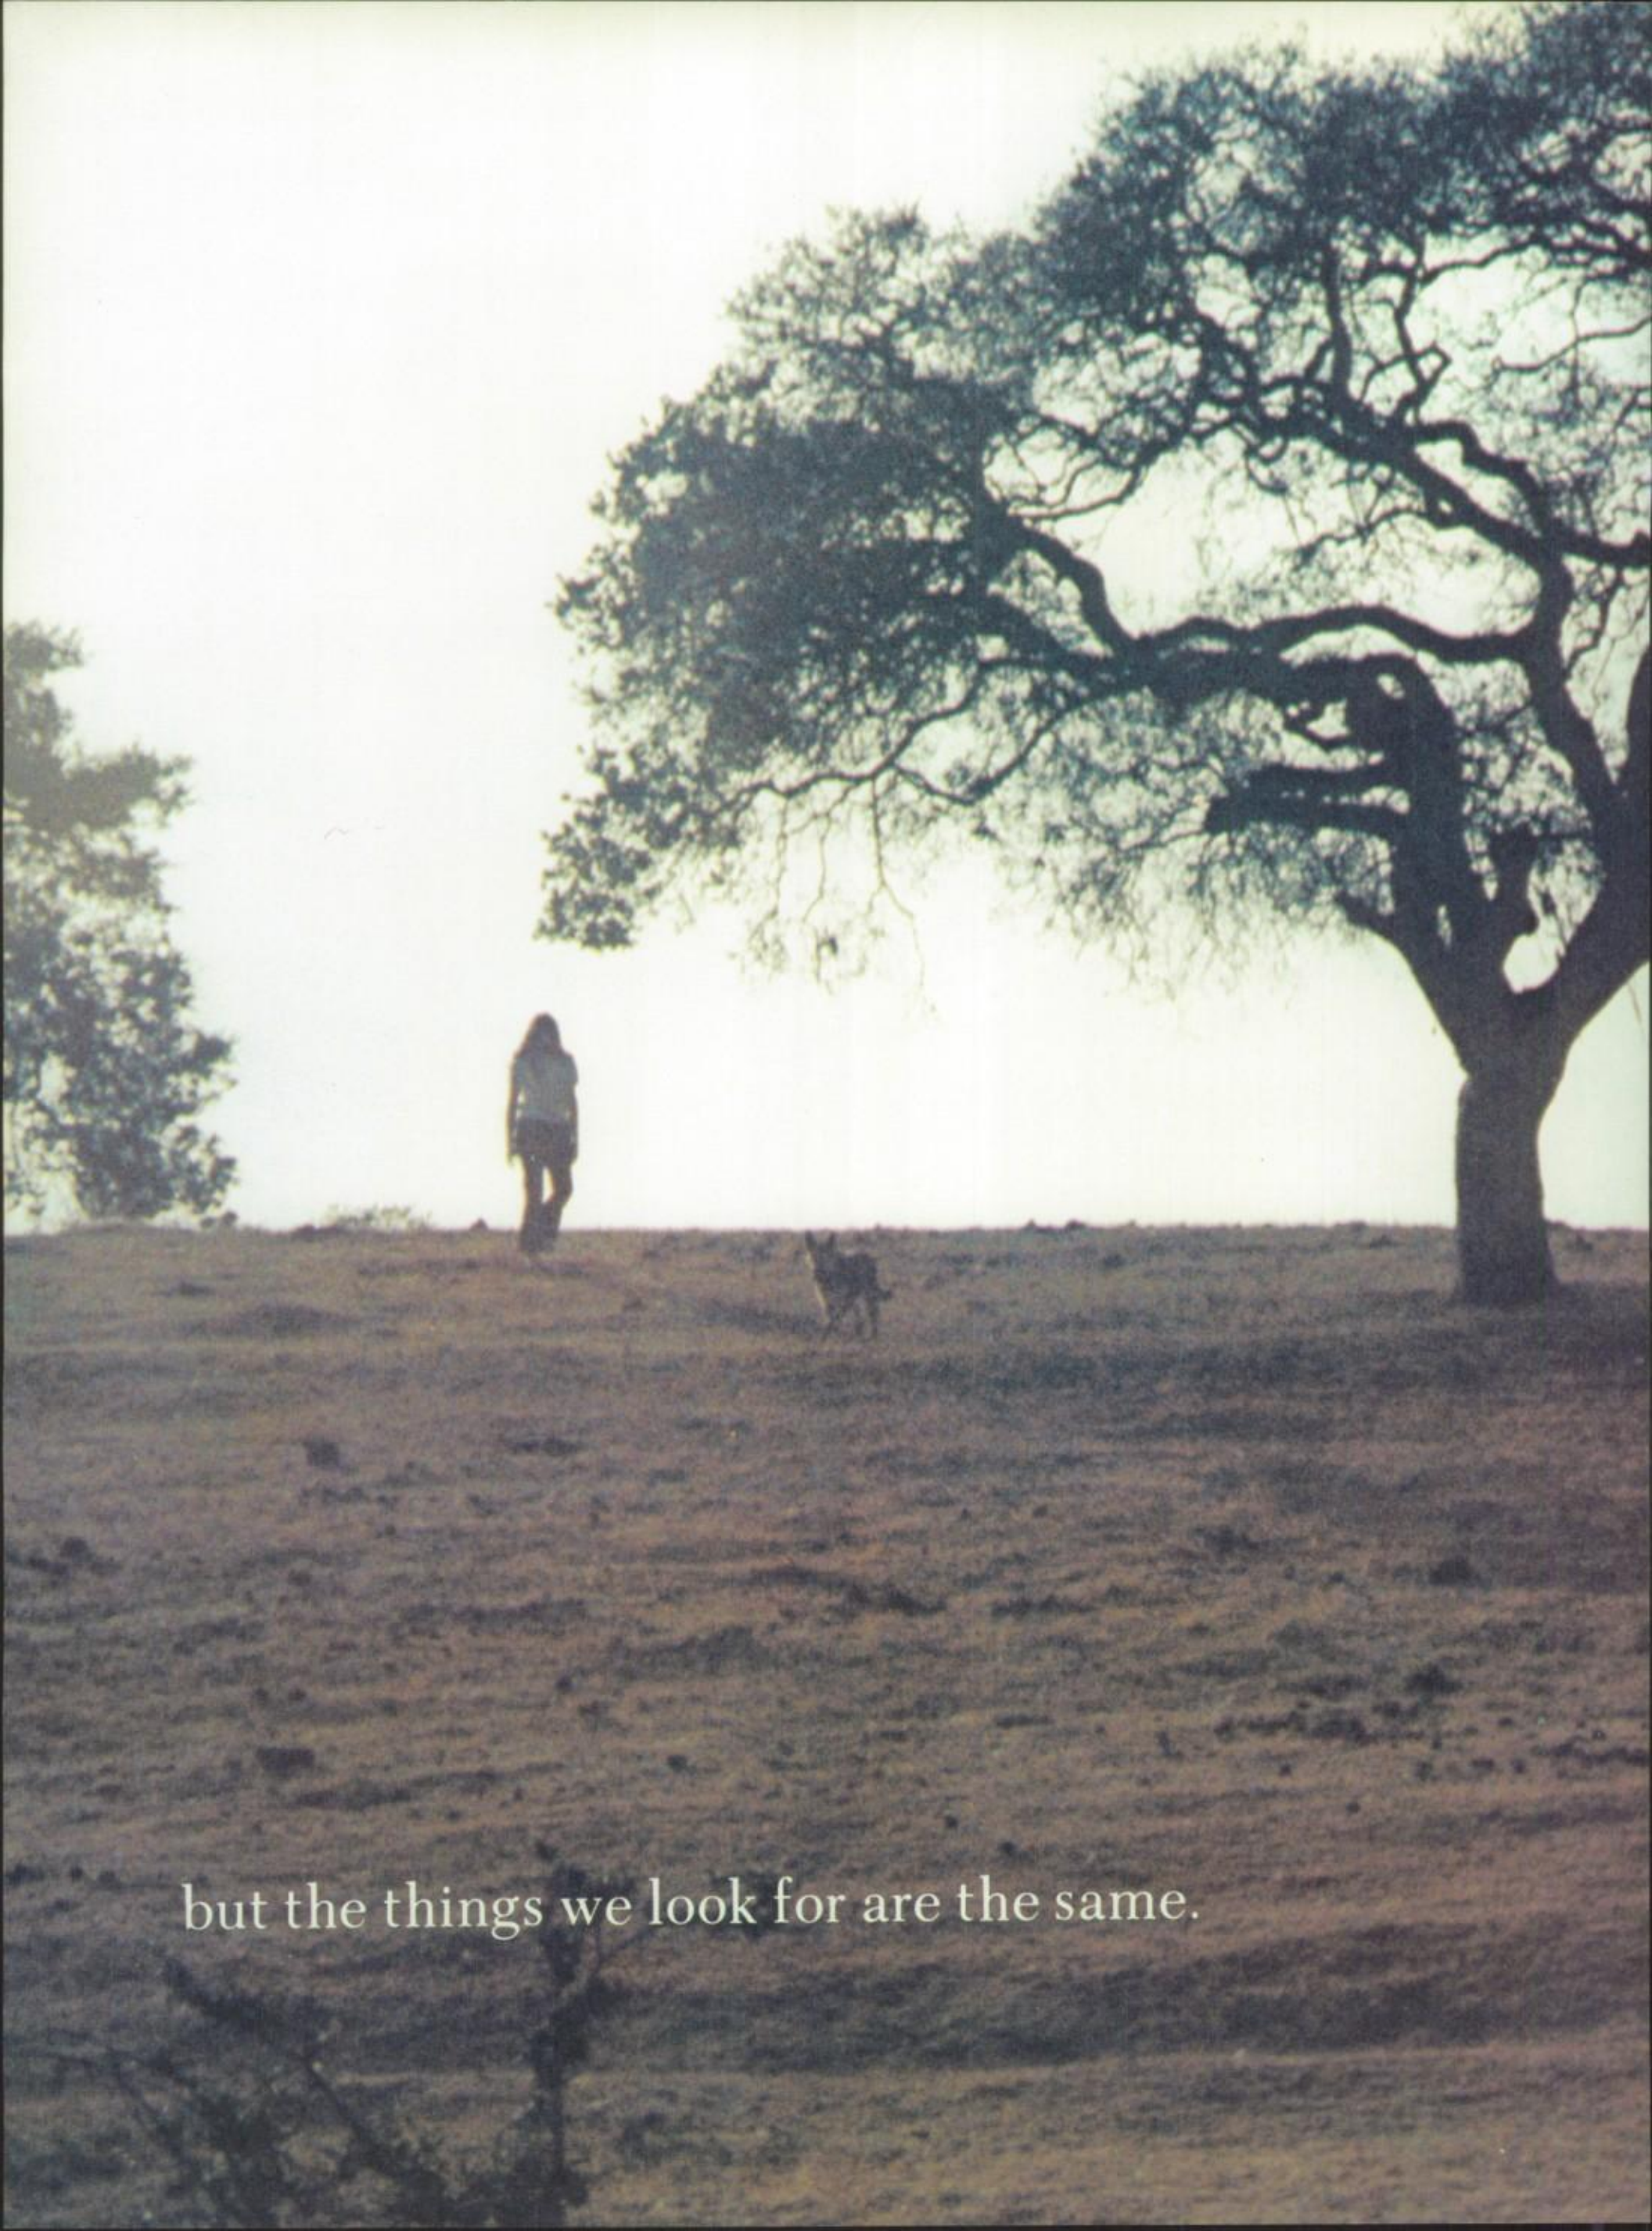
to love . . .

. . . and to be loved

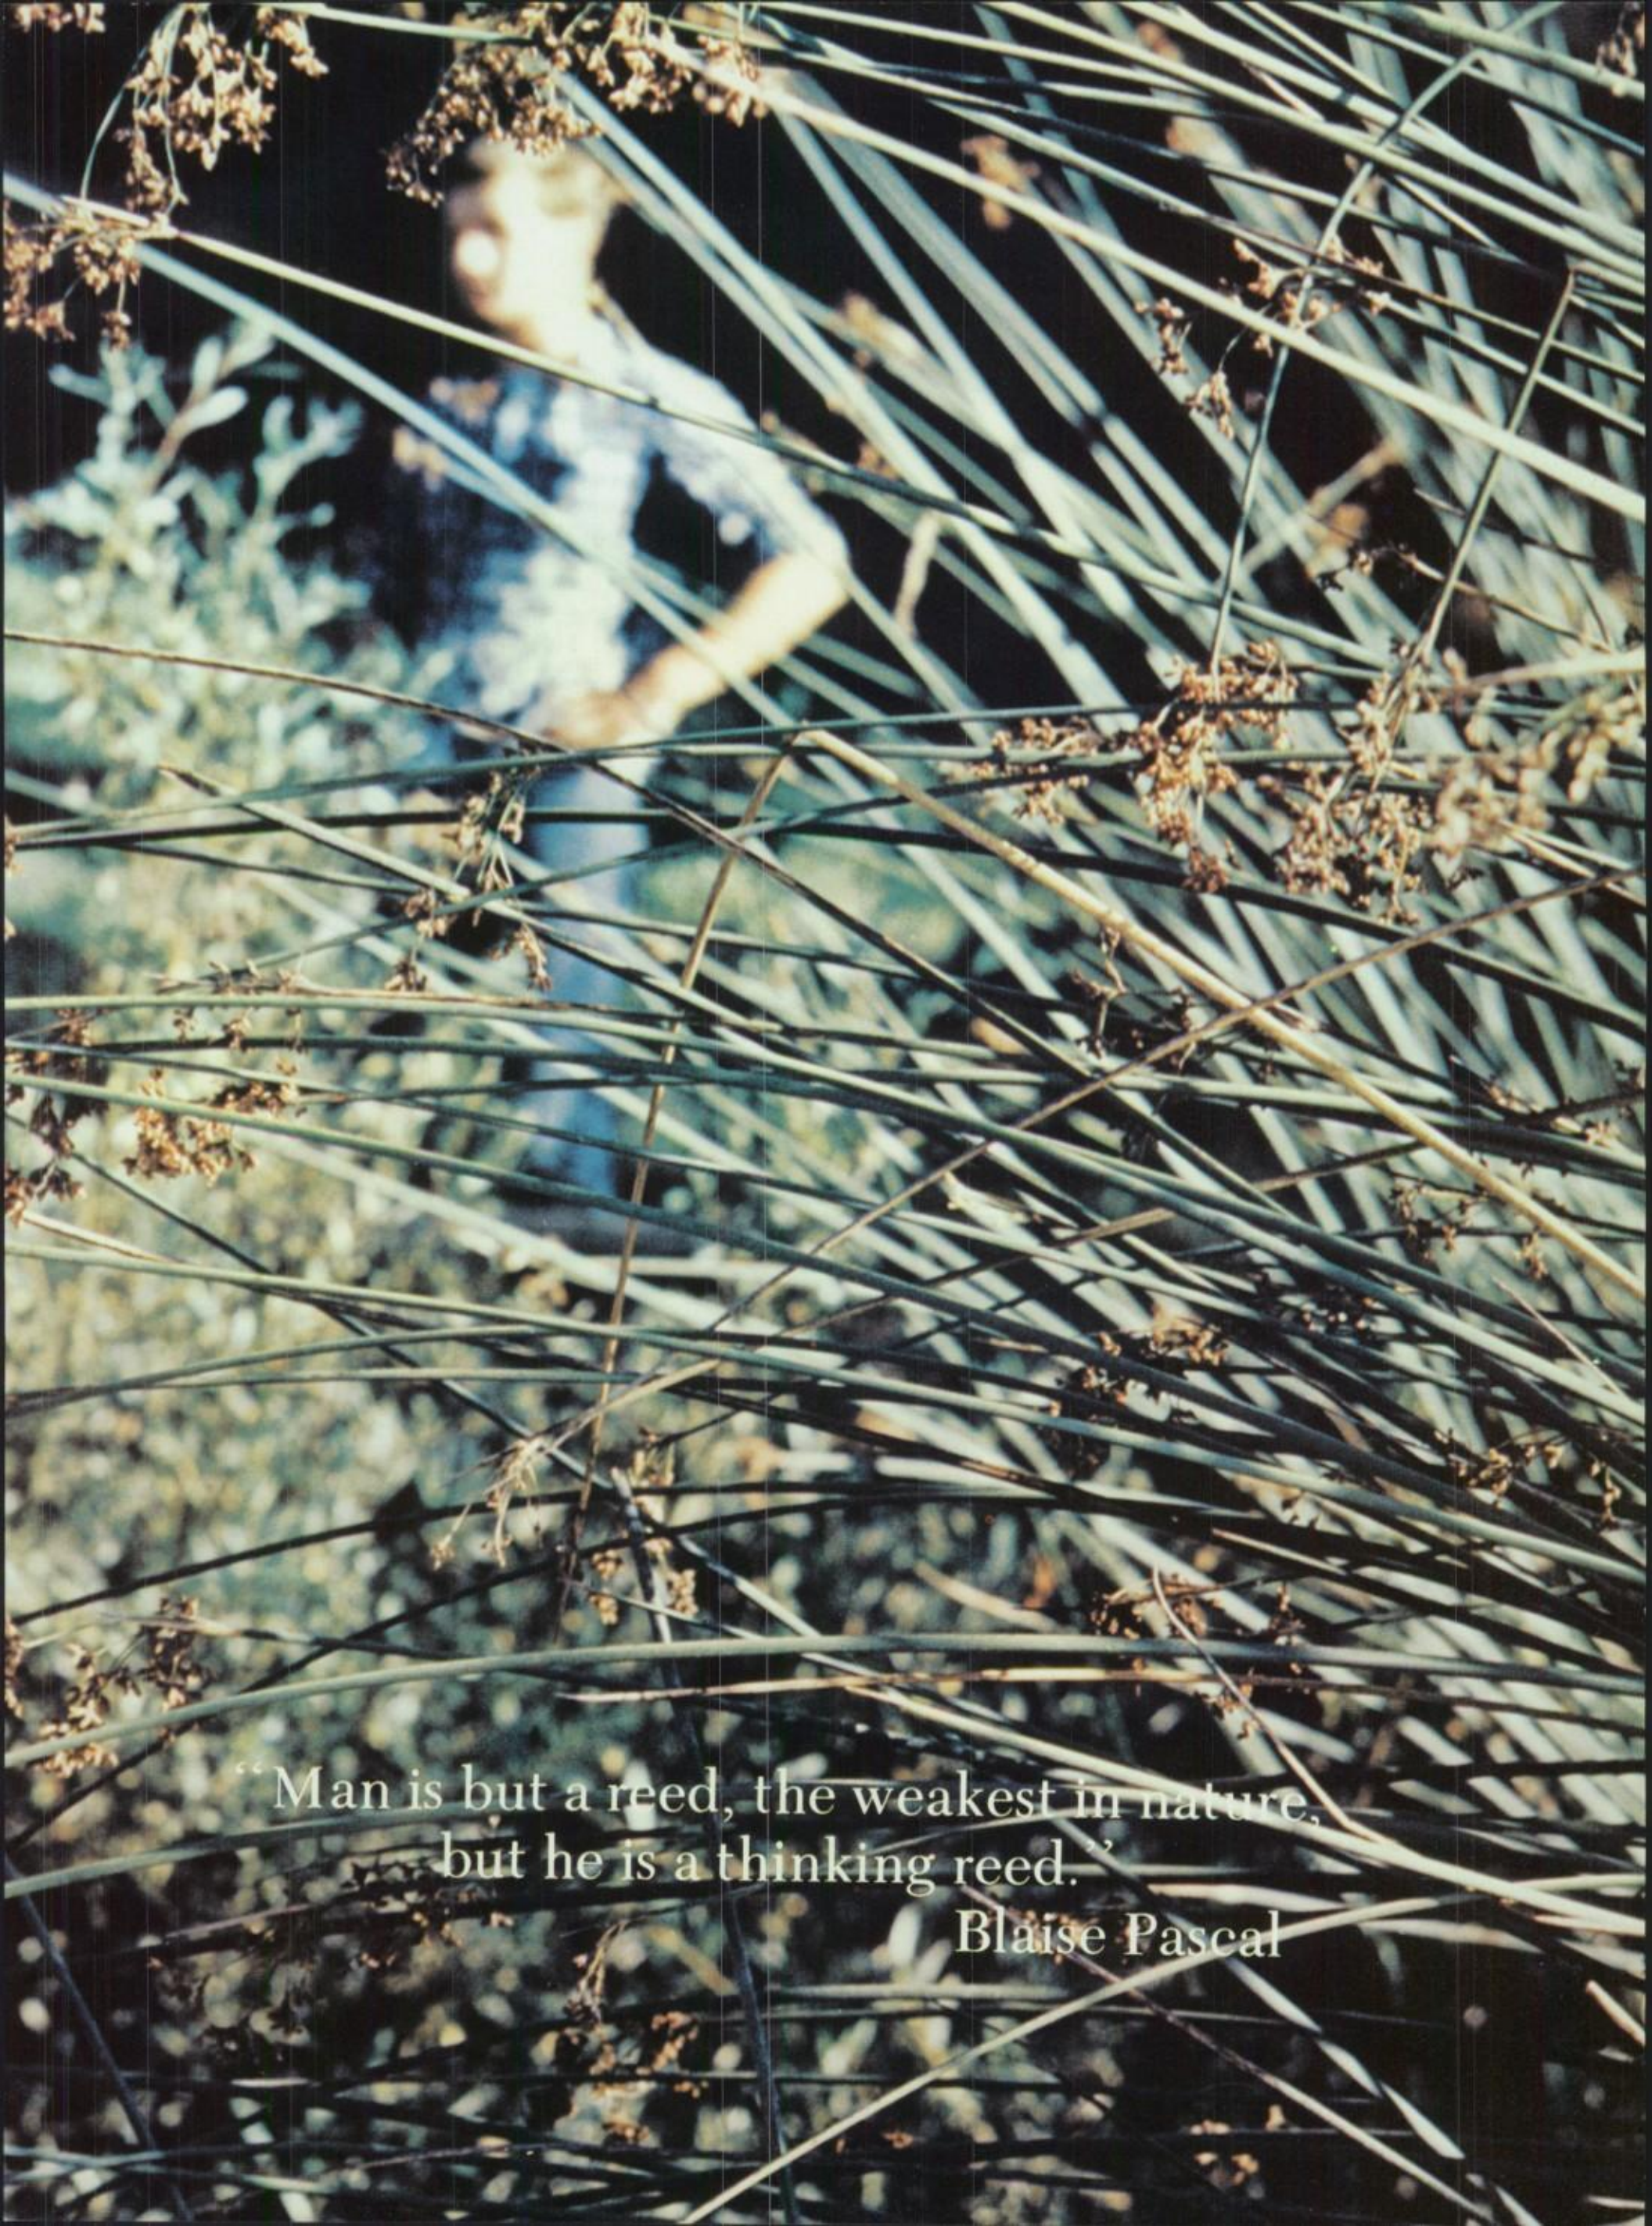


to find his own identity among others.

For each of us
the search
is different . . .



but the things we look for are the same.



"Man is but a reed, the weakest in nature,
but he is a thinking reed."
Blaise Pascal

Dedication

This year's Manzanita is dedicated to a Watsonville High School graduate who continues to serve both students and faculty as our school registrar.

The work of the registrar affects each of us here at Watsonville High School—yet too few students realize what a very important service she renders. Frances Sukekane has worked as registrar here at Watsonville High School since 1948, and during that time, she has sent hundreds of grade transcripts each year to colleges and employers all across the country. Her quiet efficiency is a tremendous asset to all of us—and her kindness and ready smile have won her the affection of many hundreds of students.

It is therefore with many thanks for a job well done that we dedicate the 1972 Manzanita to our fine registrar Frances Sukekane.

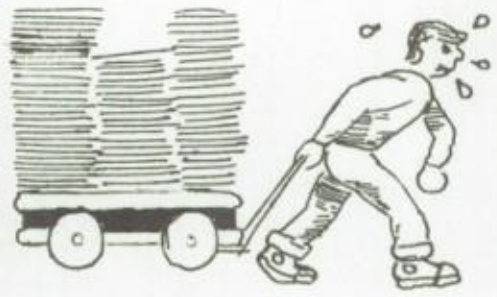
THE MAGS...



L.-R. Paul Matsui, Susanne Canham, Mike Skocko

Kathy Passarino

October 19th through November 2nd, 1971, marked the 24th annual Magazine Drive, in which the Junior and Senior classes participated in selling subscriptions as they worked toward a set goal. Money received by classes goes toward bringing about a bigger and better Junior-Senior Prom.

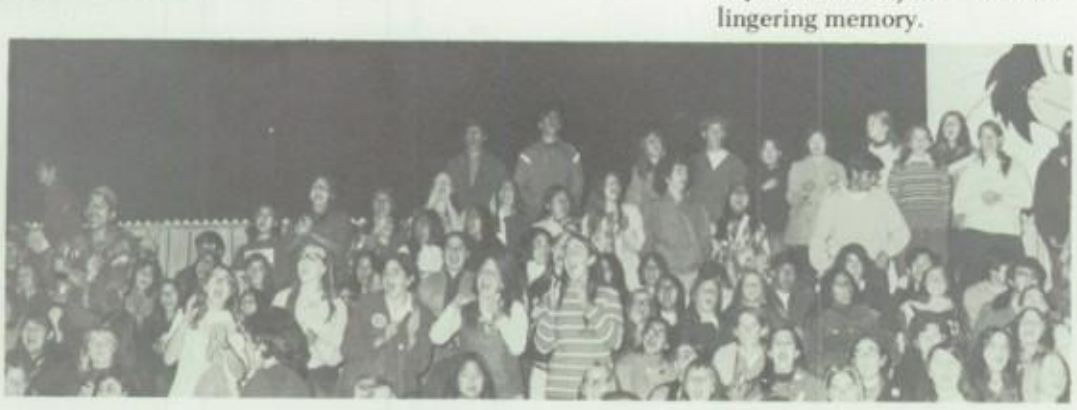
This year's first place winner was Susanne Canham, followed by Paul Matsui, second place, and Mike Skocko, Third place. A drawing was held for a 10 speed bike, of which Kathy Passarino is now the proud owner.

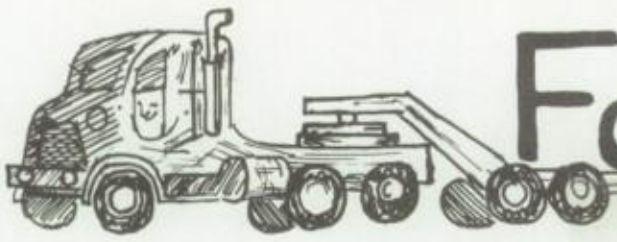
Prizes received by other participants were "Keep on Truckin'" posters, record albums, light machines, black light posters, smile decals, patches, Prom Bids, Frisbees, bulletin boards, AM-FM radios, and many other goodies.

Football Fever

it's contagious

Summer ends, school begins. Students return to school—and are suddenly plunged into the flurry of football season. A continuous "fever"—of rallies, voodoo dolls, cold football nights, Hitters and Players of the week, of endless hours of after-school practice, of queens and princesses and floats and cars, of the joy of a win, and of the quiet pain of defeat—runs on inside many people, even after the season has ended. For the lower classmen, it is just another year. For the '72 seniors, however, "football fever" will soon be only a lingering memory.





Football Homecoming '71

On Homecoming Day students who had worked on their floats so diligently during the week anxiously watched the sky and saw their worst fears confirmed—the ominous rain clouds hovering over the school. Sure enough, rain came showering down, and students scampered to protect their floats and cars from being washed out by the showers.

But the rain did let up in time for the parade, and the dripping floats and cars nevertheless brightly paraded through town, delighting all the spectators who watched the procession. Led by grand marshalls Bruce Morrison, A.S.B. President, and Mr. Bowman, our principal, the parade was a display of creative and imaginative ideas pertaining to the theme—"Everything Is Beautiful".

All in all, it was a very wet but very memorable Homecoming Day!

1971 Homecoming Queen - Betty Borrego

Bobby & Jean: injurier hit both sexes this year!

The 1971 Homecoming rally highlighted a whirlwind Homecoming week, generating much excitement and emotion among nearly all students.

After a week of anticipation and suspense, Betty Borrego, escorted by varsity quarterback Ray Hernandez, was crowned our 1971 Homecoming Queen by the team co-captains for the Homecoming game, Ron Hargis and Danny Tabasa. Nan George, Cindy Marquis, Barbara Soriano, and Jean Tovaraz made up her lovely court, with those handsome varsity brutes (???) Stan Shikuma, John King, Jeff Lamb, and Bobby Groves doing the honors as escorts.

Screams and cheers filled the gym as Rally Commissioner Janice Wong announced that the freshmen had won both the sweepstakes trophy and first place in the class floats division, with the seniors taking second place and the sophomores finishing third. The American Field Service club took first place in car competition.

A new feature at this year's rally was the competition yells between the classes, all vying for a "Spirit Jug". The seniors, swelling the gym with their cheering, were the unmistakable winners!

Homecoming enthusiasm climbs to fantastic high

The HARVEST MOON DANCE

1971 Football Homecoming Court

In spite of a losing football game, Football Homecoming 1971 ended on a happy note with the Harvest Moon Homecoming Dance. The music of the Dutch East India Company generated a steady aura of excitement throughout the night and invited the crowd to get really involved with the music. Enthusiasm was high, good times were abundant, and everything was truly beautiful—alright!!

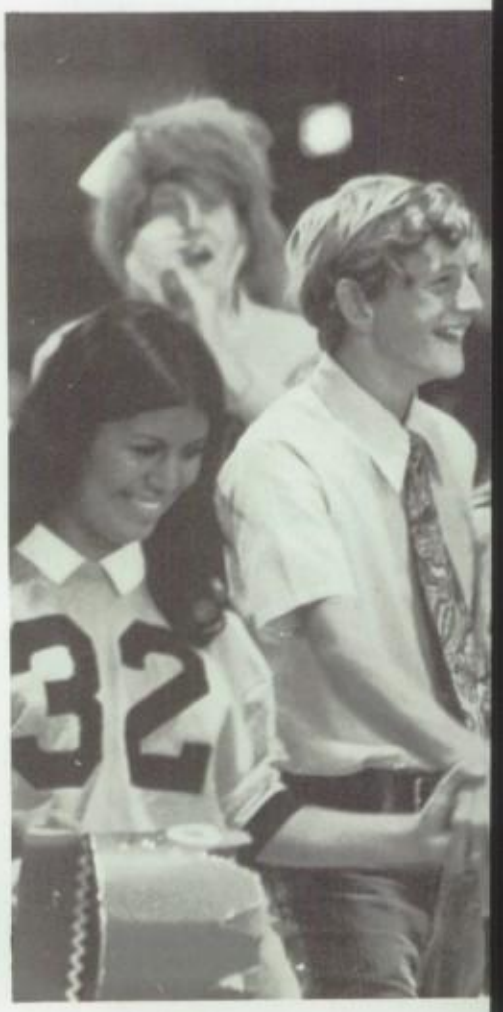
. . . I got rhythm . . .

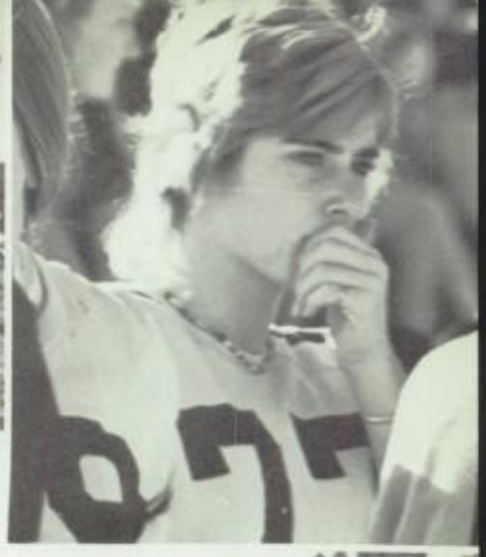
The way you dance and moooooove your hips, makes my heart go dippity-dip. . .

Coat checkers check each other out!

Spirit's high. . .and Winderl's feelin' no pain!

Powder Puff





SENIORS STOMP JUNIORS

A bright sunny day, quite the opposite of last year's wet, dreary day, was the setting for the fifth annual rock-'em, sock-'em, Powder Puff game. The spirit of the Class of '72 proved itself as the Seniors stomped the Juniors, 22 to 8. This game was truly an exposition of skill, speed, and strength on the part of the girls, but more important, it was a chance for these girls to get it together with a team effort while also having a terrific time. To heighten the excitement of the event, there was a rally before the game in which Jeff Anderson was selected as the Powder Puff King of 1971. He was proudly attended by Princes Dennis Haskin, Joel Jameson, Ben De La Garza, Oscar Torres, Kazuo Furukawa and our foreign exchange student, Volker von Bremen.

Sweetheart Anna

Princess Roxanne

Princess Jeanne

Princess Ellen

Princess Jean

Cheers went up as Roxanne Lew, Jeanne Sakata, Ellen Martinelli, and Jean Lawrence were selected princesses by Steve Eichorn, Wayne Yamamoto, Tom Hopson, and Jack Winderl respectively. The applause and cheers of the crowd reached the ultimate when Ken Smith escorted Anna Marquez to her throne to reign as the 1972 Basketball Sweetheart. Anna and her court reigned over all homecoming festivities.

Winter Ball
Homecoming Dance

A cozy group made up the decorative atmosphere of the 1972 Winter Ball Homecoming Dance. Sweetheart Anna and her court reigned over the dance. Music by the "Mouse" filled the ears of all.

Hey! Has anyone seen my brain lying around?

Candids

Class of '75

Ya gotta watch those Freshmen.

PRINCIPAL'S MESSAGE

Robert Bowman

"People tend to generalize and to stereotype when they think of other people."

The words were those of anthropology teacher Mr. Rudy Pedulla as he addressed a class during the school year we have just concluded. As I moved down the hall that day, those words stayed with me. Do we really tend to classify people in groups rather than to treat them as the individuals they really are? The answer, of course, is "yes."

A glowing example of this truth is found in the relationship between students and adults. Many adults expect a certain package of attitudes and behavior from young people: lack of respect for authority or tradition, refusal to work, ingratitude, little consideration for the feelings or property of other people; a whole list of expected traits, mostly negative.

Yet, every school day I talk with young men and women who are more "traditional" than my own grandmother. They show a deep respect and affection for every conventional value and are willing to work with tremendous persistence and energy to maintain those values. True, I also talk with young people who precisely fit the unhappy pattern expected and feared by people of my own age. And I daily meet a tremendous number of students who fit in somewhere between the two extremes.

In brief, our large school exhibits to the world that young people are as varied and individualistic as you would expect to find in a large group of people of any age. Why don't adults recognize this? Why can't they see that kids are just young humans with the variety of illusions, goals, strengths, and weaknesses of other humans?

Perhaps for the same reasons, many students see all adults as rigid, unsympathetic, materialistic, and generally unfriendly. They stubbornly hold this view despite their daily contact with older people who are genuinely interested in youth and who are willing to sacrifice great quantities of time and money to help in the causes which many young people favor.

Perhaps it is too much to hope that the past year has helped to shatter the barriers of misunderstanding that separate young people and old within our community. We did, at least, encourage a great deal of contact between students and adults and between various races and occupations. We can only hope that because of this, the Class of 1972 will enter an adult world which they understand and which, in turn, has a deeper appreciation and understanding of young people.

Sincerely,
Robert Bowman

After more than three decades of teaching at Watsonville High School, Bud Rowland is retiring at the close of this school year. Mr. Rowland's long teaching career here has covered many different subjects, including U.S. History, Citizenship, and most recently, Comparative and Federal Government. He has taught two generations of Watsonville students—and he has seen several of those students return to join him on the faculty of Watsonville High School.

Many a student, over the years, has been somewhat apprehensive about entering Room 20—but all have left with tremendous respect for a man who has required total effort from his students and has in return given totally of himself.

As he prepares to leave this June, we thank him once again for his many contributions to both the students and the community of Watsonville—and we wish him much happiness in the coming years of his retirement.

The 1971 football season was an experience in human relations. Engaging in the most difficult schedule in recent history, the Wildcatz still made a fair account of themselves.

In non-league practice games against two northern California powers, the Wildcatz, although outscored, gained the respect of the local fans for their hard hitting and spirited play. Although beset by crippling injuries, the Wildcatz managed to eke out wins against Santa Cruz and Harbor High. Outmanned and hampered by injuries through the remainder of the season, the Catz continued to make fair account of themselves as they battled through seven remaining efforts. In spite of their won-lost record the 1971 Catz will long be remembered for their pride and hustle both on and off the field.

This year's award winners included Danny Tabasa, most valuable player; Bobby Groves, Hitter of the Year; Ron Hargis, best lineman; Ernie Araiza, best back; and Oscar Torres, special coaches' award.

"The opening game of the season was a loss to Gonzales, but was highlighted by the outstanding defensive play of Mike Stanton. John Beacom ran and passed the team to a big win over Carmel in the second game. Lloyd Tanimasa provided the offensive punch to beat a strong Pacific Grove team in the third game of the season. Against Seaside Jess Aboytes and Larry Ogden played good football in a losing effort. Allen Perkett and Richard Rodriquez gave excellant efforts in the team's third loss of the season to Monterey. Carl Cole was the star of the Aptos win, playing both great offense and defense. The Salinas game ended 8 to 8 on a 75 yard pass play from Jay Tomas to Allen Todd The North Salinas game was a loss, but Howard Cordova, who took over the QB spot in the Salinas game, showed good poise and potential. The last game of the season was a win over Alisal. Jeff Skocko led a great defensive effort and Olin Henricks led the offense with an 80 yard touchdown run."

JAYVEES

This year's J.V. Football team executed well, hit hard, and were in good physical condition. They were a well disciplined team in every way. As Varsity players on the Varsity team, they should, in the future, bring winning football back to Watsonville High School.

Champs

Watsonville High School's soccer team, holding a 14-2-1 record, has had a very good season so far. We have won 5 out of 6 games against very fine teams from the Coast Athletic Association, a league which concentrates more upon the game of soccer than any other sport.

There were a number of boys who played very well this year. Jesus Lopez scored 13 out of the 30 goals the team made this year. Primo Nuno did an outstanding job as goalie. Alvaro Carillo, our captain, earned the Most Valuable Player Award with his excellent performance. Others who played very well were Conrado Hernandez on defense; Rafeal Olivarez, Robert Munoz, and Robert Carbajal as halfbacks; Ed Carbajal and Javier Manriquez on offense; and Volker von Bremen, who set up many goals with his passes.

Champs

The Watsonville High School Cross Country team won the Monterey Bay League and Region Championships in the varsity divisions. This year's team was the finest team in the history of distance running at Watsonville High.

Watsonville dominated the All-League selection as seniors Joel Jameson, Bill Hurd, and Ben De la Garza were joined by juniors Carlos Reyes and Tony Munoz. In addition, Joel Jameson and Carlos Reyes were also selected All-Northern Cal.

Under the fine supervision of coach Len Davies, our teams of the past two years have been the first and second best teams in Watsonville's history—an excellent record for a coach who has had the head coaching position for only two years.

The C's and D's had a great season, both taking championship honors in their respective divisions.

The D's, with good speed and bench depth, went undefeated (12-0), and scored 560 points to their opponents' 340 points.

Leading scorers were Mitch Wada (142), Jon Guy (106), Dan Ukestad (69), Allen Chin (44), and Ted Wilkins (43).

The C's, also winning the championship, had a record of 8-4. The C's division was well-balanced throughout the league, accounting for many a close and exciting game.

Leading scorers were Emil Yappert (134), Dave Martinez (111), Norm Wada (76), Rellos Lopez (62), and Mike Yannone (40).

Starting the season by taking the Harbor High Frosh-Soph Tournament Consolation Award, the Kittens finished a strong second in league play, tied with Seaside and Aptos, with a 13-5 league record and 17-6 overall.

Though every game was a real team effort, there were three exceptional scorers: Jon Guy with 220 points; John Beacom with 198 points; and Mitch Wada with 157 points. Other outstanding players were Emil Yappert and Carl Cole, both grabbing many important rebounds.

The 1971-72 Varsity Wildacats will long be remembered for their outstanding hustle, team play, and never-say-die attitude. Although the season was not a successful one in terms of won-loss averages, 8-18, the Cats played inspired ball all season long.

Highlighting the 71-72 season were the Cats' second place finish in the Santa Cruz Invitational Tourney and their upset win, in league play, over title contender Soquel. The Cats were highlighted by many fine, different players during the season. This was a team in the true sense of the word. All the players on the team contributed during the course of the season. In particular, the play of the seniors—Dan Tabasa, Ken Smith, Jack Winderl, Tom Hopson, Steve Eichhorn, Wayne Yamamoto, Willis Bobo, and Leroy Todd was outstanding. These young men will definitely be missed next year. In addition to the above-mentioned players, others who contributed were Andre Smith, Henry Marizette, Ron Eichhorn, David Espiritu, and Richard Firebaugh. These young men will form the nucleus of a fine team for next year.

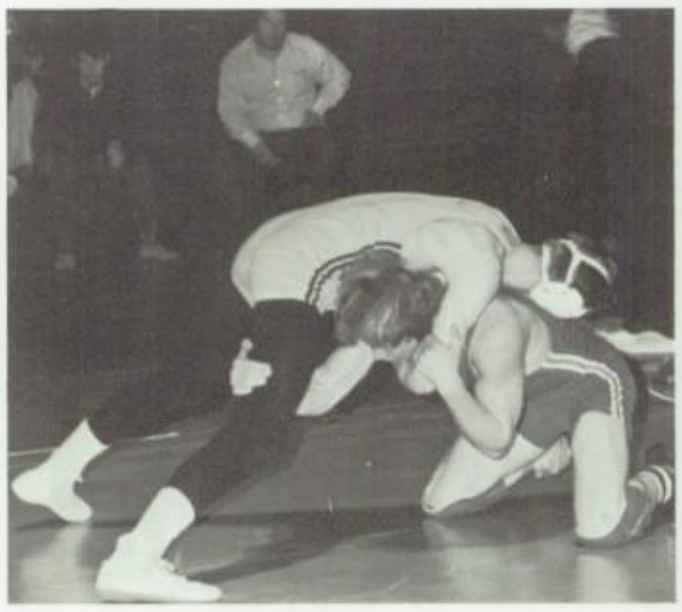
VARSITY



The 1971-72 wrestling season was a tough one for the Wildcats. The amount of hard work, spirit, and dedication is not reflected in the 3-6 record of the varsity or the 11-10 season record. How does one measure these things? Perhaps in future seasons. Only two seniors, Dan Covita and Ted Reyes, were on the varsity and the future does seem bright for the Cats.

The varsity and its bright spots ... Bob Parker, the outstanding wrestler of the year, was the 145 pound champion, Region 4 Champ, and Gonzales Invitational Champion. Dan Covita, the most valuable wrestler of the year, won the San Francisco State Invitational, and placed third in the league, third in the region 4 meet, and fourth at the CCS finals. Both Dan and Bob will represent WHS in the Northern California Championships this year. Junior Mark Schweene won the Gonzales tournament and placed fourth in the MBL.

All in all it was a good season for the Cats. The Chicken Teriyaki Dinner, tournaments, and awards dinner, plus dual matches, brought wrestling to alot of people.

Dual match record:

JUNIOR VARSITY

The Wildcat junior varsity wrestling team had a very good season, with a record of 6-4-1. Next year looks even more promising, as there will be at least ten returning lettermen on the team. For the first time in three years, sophomores and juniors will be allowed to remain on the team, which has usually been predominantly freshmen. This year three wrestlers placed in the Novice Tournament: Joe Gonzales (third), Jessie Aboytes (fourth), and Godredo Tejada (third); and two wrestlers placed in the J.V. Tournament: Joe Garcia (third) and Tony Da Rosa (fourth). Congratulations go to the team's most outstanding wrestler, Joe Garcia, who was undefeated in the league at the 145 weight class, and to Mark Bowman, most valuable at the 120 weight class.

Seldom in the long history of Watsonville High School have the students and staff been so shocked and grieved as they were on the morning of March 1, 1972, at the announcement of the death of Mr. Luis Hernandez.

Mr. Hernandez was a science teacher and a coach, a large and very active man whose confidence and optimism made him a leader in the school and in the community. He obviously enjoyed the company of young people and listened to their problems with sympathy and with the sincere expectation that young men and women would respond with reason and good will to the problems and opportunities of daily living. Casual talks with his students and athletes were always possible with Mr. Hernandez despite a hectic schedule of teaching, coaching, and community work.

Services held one winter afternoon in memory of Mr. Hernandez found a grieving crowd of people of all ages and races. They came to pay final respect to a man they knew as friend, teacher, and colleague. That man was only thirty-two years old but Father Declan Murphy said it best: "The measure of a man's life is what he has accomplished." By looking at the mourners you could tell that Luis Hernandez had accomplished a great deal.

Jeanne Sakata and Volker von Bremen

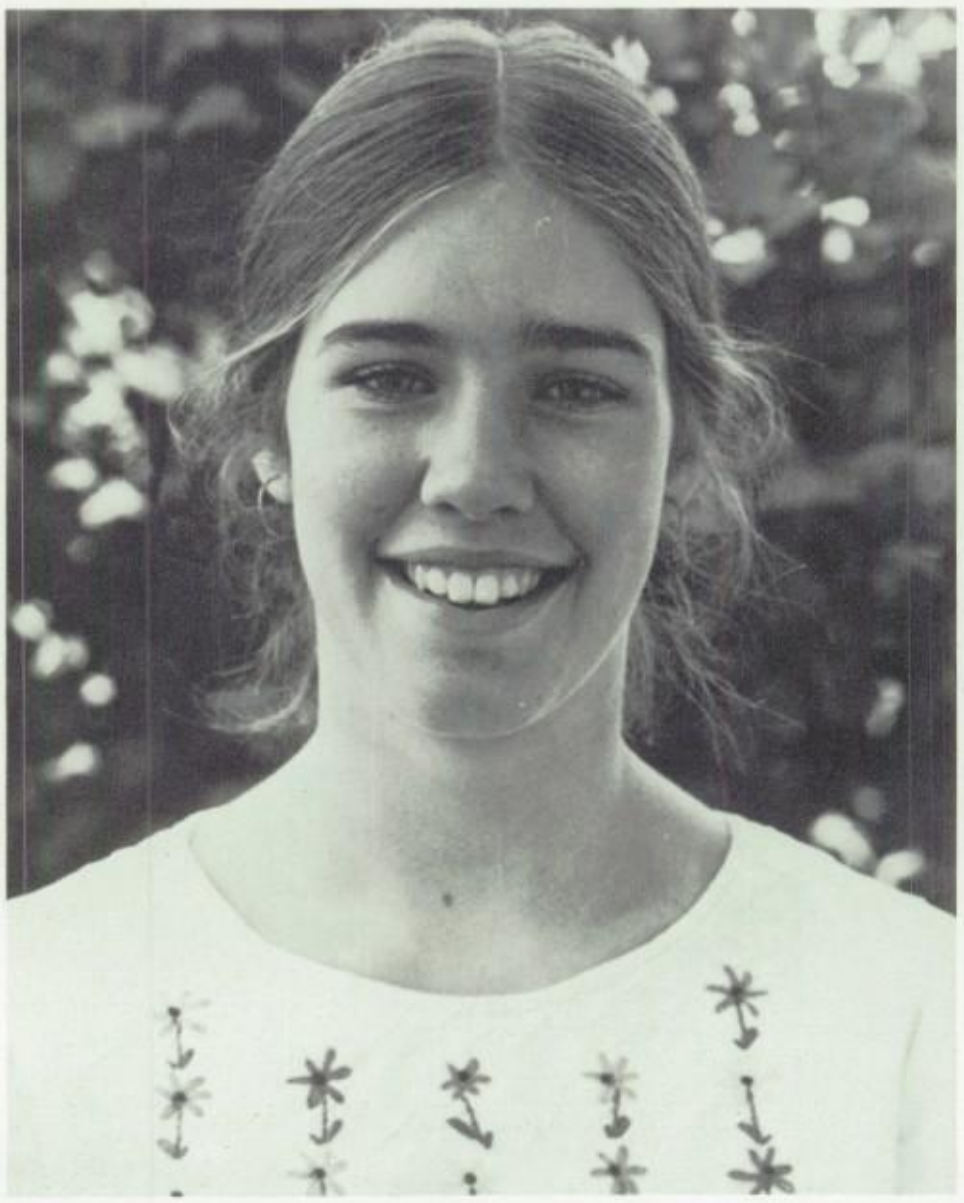
"Thinking back now over my summer in Germany, I realize how frustrating it is to try to explain to others exactly what my experiences meant to me, for an A.F.S. experience is something that must be experienced by oneself in order to be fully understood. I can say this though—my German summer pointed out more than ever the great importance of a truly open mind, of enjoying life to the fullest, of recognizing something very significant beyond my own small world, and of accepting my brothers and sisters who are different from me. They are lessons I'll never forget, and to those who made it all possible—Vielen, vielen Dank für meinen wunderbar und einzigartigen Sommer."

Jeanne Sakata

"I am Volker von Bremen, your German I.C.Y.E. student this year, and I think it was great to have been able to stay with you people here at W.H.S. because we had much fun in classes and other activities around school. During that time, I made so many friends and you were so nice to me when I had questions and difficulties. I am sure that I will miss the typical W.H.S. atmosphere when I go back to Germany, but I always will remember the super time I had here. Hoping that all your plans will come out as it is the best for you, I wish you all the best, and most of all, have fun and enjoy your life."

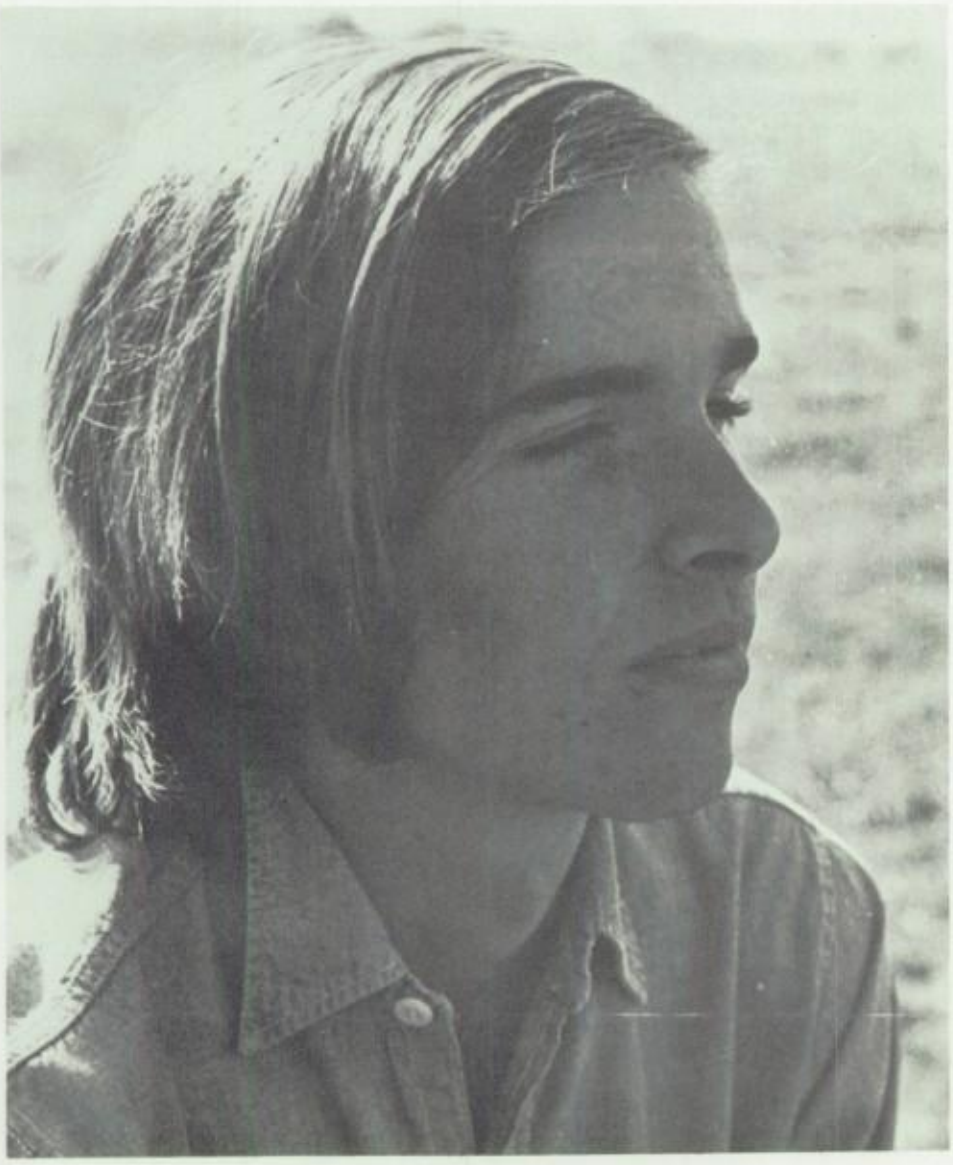
Love,
Volker von Bremen

Ellen Martinelli
Girl's State Representative



"Aside from learning the mechanics of a mythical city, county, and state government through actual participation, I think Girl's State has aided me tremendously toward being a better, more well-informed citizen.

"I knew when I was chosen that I would gain a kind of knowledge that I could never seek in a classroom situation. But I didn't know that Girl's State would be so exciting, so unique with its diversity of girls, and so utterly rewarding."



Mark Stene
Boy's State Representative

"Boy's State: a practical lesson in government! Thinking back, it was to me the closest thing to a pre-military program, featuring mandatory church services, regulation haircuts, Americanization programs, and a complete program which included a military menu featuring for breakfast one beautiful biscuit with beef gravy, one half pear, and hot water chocolate preceding reveille at 7:15.

"At any rate, I was elected by my comrades to serve as a councilman in the city of Sutter, which was known for its corruption, arsonists, and general appearance. The Boy's State week was highlighted by an assembly featuring Gov. Ronald Reagan.

"Many thanks to the American Legion for making my presence and Boy's State possible."

It would appear somewhat incongruous to find such "in" people as the students of the 20th centry singing choral literature of the distant past as well as the present — and relishing it. Truly tested music however, transcends time and expresses every desire and emotion known to man. The mystery then is not why people sing but instead, why people do not sing. It is the chief aim of choral music to present a total concept, namely the fulfillment and enrichment of all things noble in mankind.

What is it
That gently clears the warm cobwebs
of half-forgotten dreams
And wakes me to the faint yet
swelling glow of dawn?

How is it
That my naked feet shuffle
through the tender dew-drenched blades
While my quivering body
gulps the icy freshness?

Why is it
That, unexpectedly, I pause
to absorb the piercing streaks of hope
And that my very being responds
to the vibrant echo of life?

—B.J.S.
